No. 5304Agri.—27th June 1952.— The following accounts of the Indian Central Coconut Committee for the year ending the 31st March 1951 together with the Auditor's report thereon are published for general information:—

ANNEXURE I.

Report of the accounts of the Indian Central Coconut Committee.

PART I.

Under rule 22(*f*) of the Indian Central Coconut Committee Rules, 1945, issued under section 13 of the Indian Coconut Committee Act, the audited statements of receipts and expenditure is to be furnished to the Central Government. Certified statements for the financial year ending 31st March 1951 are attached.

2. In the year under report, the Committee was functioning as a Banker to the Indian Central Arecanut Committee. The amounts due from the Arecanut Committee were received on 2nd July 1951 and its accounts were closed.

3. The previous Audit Report was finally disposed of by the Committee and the Government of India. The one outstanding point in that report is whether the departmental accounts of the two Central Coconut Research Stations should be subjected to internal check by the Secretary's office.

4. The transactions of the Committee are increasing with the expansion of the activities of the Central Coconut Research Stations and a more systematic accounting is called for in these Stations especially in the Research Station at Kayangulam. The defects noticed which are mainly in the accounts of the Research Stations and suggestions for improvement are embodied in Part II of this report.

Receipts and payments account of the Indian Central Coconut Committee for the year ended 31st March 1951.

The distinctive letter or number of the polling station and the elector's number on the electoral roll shall be entered on the counterfoil of the ballot paper or each of the ballot papers delivered to the elector by the Presiding Officer or polling officer. A mark shall also be placed against the number or each of the numbers of the elector in a copy of the electoral roll to denote that he has received a ballot paper or ballot papers, as the case may be, but without showing the particular paper or papers which he has received.

(2) In deciding the right of a person to obtain a ballot paper for the purpose of voting at an election, the Presiding Officer may interpret an entry in the electoral roll so as to overlook merely clerical or printing errors but shall record his reasons for doing so, and the interpretation he has adopted, on the counterfoil of the ballot paper issued to such person.

30 (1) The elector on receiving the ballot paper shall show the official mark thereon to the Presiding Officer or to the polling officer authorised in this behalf by the Presiding Officer, and forthwith proceed into the polling compartment where he shall put his ballot paper into the ballot box of the candidate for whom he desires to vote. Every elector shall vote without undue delay and shall quit the polling station as soon as he has put his ballot paper into the ballot box.

(2) The Presiding Officer may, at any time while a poll is proceeding, enter any polling compartment and may take such steps as may be necessary to ensure that the boxes remain ready for the reception of ballot papers, and that no elector delays unduly in any such compartment at a time. The Presiding Officer may also see that no elector resorts to any malpractices within the polling compartment.

31. If the elector, owing to illiteracy or infirmity, is unable to read the symbols on a ballot box, the Presiding Officer shall put the ballot paper into the ballot box according to the direction of the elector.

32. At any time before a ballot paper is delivered to an elector, the Presiding Officer or polling officer may of his own accord if he has reason to doubt the identity of the elector or his right to vote at such station, and shall, if so required by a candidate or his election agent or polling agent, put to the elector the following questions:—

(*1*) Are you the person enrolled as follows (reading the whole entry from the roll)? and,

(*2*) Have you already voted at the present election in this constituency as such voter?

and the elector shall not be supplied with a ballot paper if he refuses to answer any one of the questions and unless he answers the first question in the affirmative and the second question in the negative.

33. (*1*) The ballot paper shall be in Form IV annexed to these rules and shall be printed in such language or languages as the Election Officer considers fit.

(*2*) Every polling station shall have a distinctive letter or number assigned to it. The serial number of the ballot paper and the number of the constituency shall be printed on every ballot paper and its counterfoil.

34. If a person representing himself to be a particular elector named on the electoral roll applies for a ballot paper after another person has voted as such elector, the applicant shall, after duly answering such questions as the Presiding Officer may ask, be entitled to receive a ballot paper. Such ballot paper (hereinafter referred to as a tendered ballot paper) shall be in Form V annexed to these rules and, instead of being put into the ballot box shall be given to the Presiding Officer who shall endorse it with the name of the candidate for whom such person desires to vote and also with the name of the elector and his number on the electoral roll. It shall be set aside in a separate packet and it shall not be counted by the returning officer. The number of the constituency, the name of the elector and his serial number on the electoral roll and the name of the distinctive letter or the number of the polling station to which the roll relates shall be entered in a list in Form VI annexed to these rules which shall bear the heading "Tendered Votes List". The person tendering such ballot paper shall sign his name and address thereon or affix his thumb impression against the entry in that list.

35. (*1*) If any polling agent declares in writing and undertakes to prove, or if the Presiding Officer for any reason is clearly of opinion, that any person by applying for a ballot paper has committed the offence of personation, the Presiding Officer shall require such person to enter in the list of challenged votes (which shall be in Form VII annexed to these rules) his name and address, or if he is unable to write, to affix his thumb impression thereto. If such person refuses to comply with such requisition he shall not be permitted to vote, but if he does so comply, he shall be allowed to vote, after he has been warned of the penalty for personation, provided that he answers the questions mentioned in rule 32 in the manner laid down therein.

(*2*) The Presiding Officer shall in every case, whether or not the person is allowed to vote, make a note of the circumstances in the list of challenged votes.

36. A voter who has inadvertently dealt with his ballot paper in such a manner that it cannot conveniently be used as a ballot paper may, on delivering it to the Presiding Officer and satisfying him of the inadvertence, obtain another ballot paper in place of the spoilt paper, and the latter shall together with its counterfoil be marked as cancelled by the Presiding Officer.

37. A Presiding Officer, polling officer, election agent or polling agent who being an elector of any constituency is duly authorised or appointed for duty at a polling station at which he is not entitled to vote, may apply to the returning officer of the constituency for a certificate entitling him to vote at that polling station but at no other. On the production of such certificate he shall be allowed to vote at that polling station. The certificate shall be in Form VIII annexed to these rules and a copy thereof shall be sent by the returning officer to the Presiding Officer of the polling station at which the elector would otherwise have been entitled to vote. If the polling station at which the applicant is authorised or appointed for duty is not in the same constituency as the one in which he is entitled to vote, then the returning officer shall issue along with such certificate as many envelopes as there are candidates for the constituency in which he is entitled to vote, each envelope having on its outside the name of the symbol assigned to the respective candidate.

38. (*1*) A ballot paper shall be issued in the same manner as to any other elector to the person to whom a certificate has been granted under rule 37 on production of such certificate:

Provided that the Presiding Officer or the polling officer shall under rule 29 enter on the counterfoil of the ballot paper not only the name, or the distinctive letter or number, of the polling station at which the vote is recorded but also the number of the constituency if different and the name, or the distinctive letter or number of the polling station at which such person would otherwise have been entitled to vote.

(*2*) The ballot papers issued under sub-rule (*1*) shall be dealt with in the following manner:—

(*a*) If the polling station at which the person is authorised or appointed for duty is in the same constituency as the one in which he is entitled to vote, then the provisions contained in rule 30 shall apply. The certificate produced under sub-rule (*1*) shall be filed by the Presiding Officer.

(*b*) If the polling station at which the person is authorised or appointed for duty is not in the same constituency as the one in which he is entitled to vote, then the Presiding Officer shall along with the ballot paper return to the person the certificate delivered under sub-rule (*1*). The person shall then go inside the polling compartment and place the ballot paper in one of the envelopes according to his choice, close the envelopes and enclose them and the certificate aforesaid in a cover to be supplied to him by the Presiding Officer and then hand the cover over to the Presiding Officer. As soon as practicable after the close of the poll the Presiding Officer shall despatch the cover to the returning officer concerned.

39. The Presiding Officer shall, as soon as practicable after the close of the poll at a polling station, in the presence of any candidates or their election agents or polling agents who may be present, make up into separate parcels and seal with his own seal and the seal of such candidates or election agents or polling agents as may desire to affix their seal—

(*1*) each ballot box in use at each station unopened but with the key attached and the slit in the lid sealed up;

(*2*) the unused ballot papers;

(*3*) the tendered ballot papers;

(*4*) the spoilt ballot papers;

(6) the marked copy of the electoral roll and any certificates filed by the Presiding Officer under rule 38;

(7) the counterfoils of the ballot papers;

(7) the tendered votes list;

(8) the list of challenged votes; and

(9) the counterfoils of certificates granted under sub-rule (4) of rule 28;

and shall deliver such packets or cause them to be delivered to the returning officer.

40. The packets shall be accompanied by a statement in Form IX annexed to these rules made by the Presiding Officer, showing the number of ballot papers entrusted to him, and accounting for them under the heads of ballot papers issued, unused, spoilt and tendered ballot papers and ballot papers dealt with under rule 38.

Scrutiny of votes.

41. The Election Officer shall appoint a date which shall be not later than a week after the polling day for the counting of votes. The returning officer shall fix the place and time at which the votes shall be counted on the date so appointed and shall give notice of such date, time and place in writing to all candidates and election agents.

42. (1) No person shall be allowed to be present at the counting of the votes except the returning officer and such persons as he may appoint to assist him in counting the votes, and such other persons as have a right to be present under sub-section (3) of section 59 of the Act.

(2) No person shall be appointed to assist in counting the votes, who has been employed by or on behalf of any candidate for any purpose whatsoever connected with the election.

43. On the day and at the time and place appointed under rule 41 the returning officer shall proceed as follows:—

(a) All the ballot boxes allotted to a particular candidate shall be separated from those allotted to any other candidate and numbered and placed together. All the covers received under clause (b) of sub-rule (2) of rule 38 shall then be opened and all the envelopes having on the outside the name of the symbol assigned to a particular candidate shall be separated from those having the name of the symbol assigned to any other candidate. The counting of all ballot papers contained in the boxes allotted to the same candidate and in the envelopes, if any, containing the name of the symbol assigned to such candidate shall be completed before the counting of the ballot papers contained in the boxes allotted to any other candidate and in the envelopes, if any, containing the name of the symbol assigned to such other candidate is commenced. The order as between the candidates in which the counting of votes shall proceed shall be in the alphabetical order in Bengali of the names of the candidates. In case of dispute the decision of the returning officer shall be final. The returning officer shall open or cause to be opened each box or each envelope and take out or cause to be taekn out the ballot papers therefrom. If any ballot box opened does not contain a copy of the symbol which the Presiding Officer is required to insert in it under rule 27, the ballot papers contained in such box shall not be rejected if the returning officer is otherwise satisfied as to the identity of the ballot box. The returning officer shall make full record of the circumstances and the grounds for the acceptance or

rejection of the ballot papers contained in any such ballot box. When the ballot papers contained in any such ballot box are rejected, the returning officer shall keep such ballot box and such ballot papers separate. The returning officer shall then cause each ballot paper which is not rejected to be stamped with the name of the candidate to whom the box in which such ballot paper was contained was allotted, or the name of whose symbol appeared on the envelope in which such ballot paper was contained. The ballot papers so stamped shall then be arranged in convenient bundles and counted with the aid of persons appointed to assist in the counting of votes.

(*b*) When the ballot papers have been so arranged in bundles, but not before, the returning officer shall allow the candidates or their representatives duly authorised under sub-section (*3*) of section 59 of the Act, reasonable opportunity to inspect, without handling the ballot papers, and shall on every ballot paper which is wholly or partially rejected endorse the word "Rejected". If any candidate or his representative present questions the correctness of the rejection, he shall also record on the ballot paper the grounds for the rejection.

(*c*) The returning officer shall as far as practicable proceed continuously with the counting of the votes; and shall, during any necessary intervals during which the counting has to be suspended, place the ballot papers, packets and other documents relating to the election under his own seal and seals of such candidates or representatives as may desire to affix them and shall cause adequate precautions to be taken for their safe custody.

(*d*) After the counting of ballot papers as contained in all the ballot boxes and envelopes received under clause (*b*) of sub-rule (*2*) of rule 38 has been completed the returning officer shall record the number of ballot papers contained in the ballot boxes allotted to each candidate and the envelopes, if any, for such candidate separately in a statement and shall seal in a separate packet all the ballot papers in support of each candidate.

(*e*) When the counting of votes has been completed the returning officer shall forthwith declare the candidate to whom the largest number of votes have been given, to be elected in accordance with the provisions under sub-sections (*4*) and (*5*) of section 59 of the Act:

Provided that upon the application of any candidate or his duly authorised representative, a recount shall be made before the returning officer makes the declaration, but the returning officer may reject any such application as may appear to him to be frivolous, recording at the same time the ground for such rejection.

44. (*1*) A ballot paper shall be rejected if–

(*a*) it does not contain the official mark referred to in sub-rule (*1*) of rule 29,

(*b*) it bears any mark by which the elector can be identified, and

(*c*) in the case where it is despatched in a cover under clause (*b*) of sub-rule (*2*) of rule 38 to the returning officer, the cover does not contain the certificate issued under rule 37 to the voter, whose vote is recorded on such ballot paper.

(*2*) The decision of the returning officer as to the validity of a ballot paper shall be final, subject only to reversal by the orders of a Court of competent jurisdiction.

45. The returning officer shall not open the sealed packets of the tendered votes, the marked copy of the electoral roll or the counterfoils of

the ballot papers. He shall verify the statement submitted by the Presiding Officer under rule 40 by comparing it with the statement prepared under clause (*d*) of rule 43 and with the number of counted votes and the rejected ballot papers, the unused ballot papers in his possession and tendered votes list, shall then reclose and reseal each packet which has been opened by him and shall record on each packet a description of its contents and the date of the election to which it refers.

46. The returning officer shall then prepare and certify a return in Form X annexed to these rules setting forth—

(*1*) the names of the candidates for whom valid votes have been given,

(*2*) the number of valid votes given for each candidate,

(*3*) the number of votes declared invalid,

(*4*) the number of tendered votes given,

(*5*) the results of the verification referred to in rule 45, and

(*6*) the name of the candidate elected,

and shall permit any candidate or any representative duly authorised under sub-section (*3*) of section 59 of the Act to take a copy of an extract from such return.

47. The returning officer shall without delay report the result of the election to the Commissioner and the Election Officer and send the return and all packets relating to the election in his possession to the Election Officer. The Election Officer as soon as he receives the return and the packets shall forward them to the Commissioner for safe custody.

48. While in the custody of the Commissioner the ballot boxes rejected under clause (*a*) of rule 43, the packets of ballot papers, whether counted, rejected or tendered, and of the counterfoils thereof, shall not be opened and their contents shall not be inspected or produced except under the order of a Court of competent jurisdiction but all other documents relating to the election shall be opened to public inspection subject to such conditions as the Commissioner may impose.

49. The ballot boxes and the packets referred to in rule 48 shall be retained for a period of one year and the said boxes shall thereafter be disposed of and the said packets shall thereafter be destroyed subject to any direction to the contrary made by the Commissioner or by a Court of competent jurisdiction.

Custody and preservation of election papers.

50. (*1*) The following rules shall be observed for the custody and preservation of the election papers enumerated below—

(*i*) Claims and objections with reference to the preliminary electoral rolls preferred under sub-section (*1*) of section 52 of the Act and claims and objections preferred with reference to electoral rolls under revision under sub-section (*5*) of section 52 or under proviso (*iii*) to section 613 of the Act.

(*3*) Three copies of the final electoral rolls of each constituency shall be preserved permanently in the Central Municipal Office of the Corporation.

(*4*) The nomination papers of candidates shall remain in the custody of the Commissioner and shall be retained for a period of one year and shall thereafter be destroyed subject to any direction to the contrary made by the Commissioner or by a Court of competent jurisdiction.

(*5*) The returns of election expenses lodged with the Commissioner under section 63 of the Act shall be kept by him for six months and shall then be destroyed, unless their retention for a longer period is ordered by a Court of competent jurisdiction.

(*6*) The public shall have the right to inspect the election papers enumerated in sub-rule (*1*) and to get attested copies thereof on application to the Commissioner.

51. No person in the employment or pay of the Corporation shall directly or indirectly engage in canvassing for votes or otherwise assist in the election of any candidate otherwise than by giving his own vote. Any breach of this rule will render him liable to dismissal.

52. If any question arises as to the interpretation of these rules otherwise than in connection with an election inquiry held under the Act, the question shall be referred for the decision of the State Government and its decision shall be final.

Bye-elections.

53. (*1*) When a casual vacancy in the seat of a Councillor, as referred to in sub-section (*1*) of section 69 of the Act occurs, the Commissioner

shall, in calling upon the constituency concerned under the said section to elect a person for the purpose of filling the vacancy, fix a date for the election, which shall not be later than two months—

(*a*) from the date of the occurrence of the vacancy, or

(*b*) in case the vacancy occurs before these rules come into force, from the date on which these rules come into force.

(*3*) Rules 1 to 52 shall apply to an election referred to in sub-rule (*1*) subject to the following modifications:—

ANNEXURE.

EFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL, 8, LYONS RANGE, SECOND FLOOR, CALCUTTA.

3 the matter of a reference No. 362Dis., dated the 16th February 1952, of the Government of West Bengal, Labour Department, and in the matter of an industrial dispute between Messrs. Shama Biscuit Co., Ltd., 13/2, Raja Manindra Road, Paikpara, Calcutta, and their workmen as represented by the Shama Biscuit Company Workers' Union, and in the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, and in the matter of Mumtaz Khan.

PRESENT:

SRI A. DAS GUPTA, *Judge, Industrial Tribunal.*

or the complainant: No one appears.

'or the opposite party: Janab A. Salam, Factory Manager of the Company.

AWARD.

The proceedings started, pursuant to the Order of Reference No. 362Dis., ated the 16th February 1952, Government of West Bengal, Labour Depart- ient, were concluded on the 26th May 1952, on which date the award iven pursuant to the Order of Reference was published under this Govern- ient of West Bengal, Labour Department, Order No. 1457Dis./11L-38/52, ated the 26th May 1952.

The complainant Mumtaz Khan claims to have been a workman in the Packing Section of the Shama Biscuit Company, Ltd., and alleges that he had been dismissed by the Company on 10th May 1952 without any notice or any opportunity to explain the circumstances under which he was dismissed.

The opposite party pleads that the application under section 33A is not maintainable inasmuch as the complainant is not a workman under the opposite party and was not dismissed as alleged. The opposite party's case is that in the Packing Department, the work is carried on under a contract system through the Supervisor who engages casual labour on piece-rate as and when there is such work in the Packing Section. This system is alleged to have been going on for a long time before the Order of Reference, and the strength of the casual workers is said to depend upon the volume of work. The opposite party pleads that the complainant could not be provided work for some time on account of shortage of work and that he has not been dismissed.

Section 33 of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, prohibits during pendency of any proceedings before a Conciliation Officer or a Tribunal, in respect of any industrial dispute, any alteration, to the prejudice of the workmen concerned, any such dispute, of the conditions of service applicable to them immediately before commencement of such proceeding, or discharge or punishment by dismissal or otherwise, of any workmen concerned in such dispute, except with the express permission of the Conciliation Officer, as the case may be.

In the event of any contravention of the provision of section 33 during pendency of proceedings before an Industrial Tribunal, aggrieved workman or workmen who may file a complaint under section 33A of the Act as amended, such contravention before the Industrial Tribunal before whom the proceedings are pending, and section 33A of the Act authorises the Industrial Tribunal to assume jurisdiction over the industrial dispute arising out of the contravention of section 33, as amended, without a formal reference from the appropriate Government under section 10 of the Act and to adjudicate upon the dispute and to give an Award.

Section 10 of the Industrial Disputes Act lays down the general law as to how an Industrial Tribunal can assume jurisdiction over an industrial dispute and section 33A is a special provision and the conditions under which this special provision may be invoked must be fulfilled before the Tribunal assumes jurisdiction over an industrial dispute without any Order of Reference from the appropriate Government, as contemplated by the general section (section 10 of the Act). The conditions are—

(1) That the adjudication proceedings in respect of an industrial dispute must be pending before a Tribunal.

(2) That during pendency of the proceedings there has been a contravention of the provision of section 33 of the Act by the employer to the prejudice of the workmen.

(3) That such contravention is in respect of workmen.

The complainant Mumtaz Khan alleges that he was dismissed on 10th May 1952. Obviously on 10th May 1952 the proceedings before this Tribunal pursuant to the Order of Reference No. 362Dis., of the 16th February 1952, were pending. The only question is whether he was a workman of the Shama Biscuit Co., Ltd., and whether he was dismissed as alleged.

The complainant was absent at the hearing. I waited long for the complainant but no one turned up for him. The sworn testimony of the Manager Janab A. Salam is that the work of the Packing Section is carried

on by the Supervisor Nezamuddin on a contract system and that this system has been in force since a long time before the Order of reference. Under this system the contractor Nezmuddin employs workers as and when necessary. The number of such workers varies from day to day according to the volume of work in the Packing Section. In this view of the case there is no relationship of employer and workman between Messrs. Shama Biscuit Co., Ltd., and Mumtaz Khan. Mumtaz Khan has, therefore, no *locus standi* to make a complaint under section 33A of the Amended Industrial Disputes Act against the biscuit company for any grievance which he may have against the contractor Nezamuddin. In this view of the case the present complaint must be dismissed as not maintainable.

AWARD.

By order No. 268Dis./D/7L-35(D)52, dated the 5th February 1952, the Government of West Bengal, in the Department of Labour, acting under sections 7 and 10 of the Industrial Disputes Act, 1947, referred to me for adjudication the abovementioned dispute between Messrs. Khardah Jute Mill (hereinafter called the Company) and their workers, represented by the Khardah Jute Mill Mazdoor Union (hereinafter called the Union) in connection with the dismissal of Sri Rampyari, regarding the matters specified in the schedule below:—

SCHEDULE.

1. Is the dismissal of Sri Rampyari under circumstances alleged against him a valid dismissal and if not is the workman entitled to reinstatement?

The Union's case is that a warrant of arrest having been issued against Rampyari on 11th May 1950, in a case of theft, he did not attend the Mill up to 17th May 1950, on which date he surrendered himself in the Criminal Court and was bailed out. On 18th May 1950 he went to the Mill with a certificate from his lawyer testifying to his release on bail, but the Manager asked him to attend on and from the 22nd of the month. Rampyari rejoined his duty accordingly on 22nd May 1950, and while he was working, the Manager came at about 9 a.m. and told him to leave the Mill as

he had been dismissed from service. Rampyari wanted to have a discharge certificate which was refused. The Manager called the Police and had him wrongfully and unfairly removed from the place of his work on the allegation of having dismissed him. The Union complains that the act of the Management was in gross violation of the standing orders and prompted by a deliberate intention of victimising Rampyari for his trade union activities. The prayer is for reinstatement of Rampyari with all wages and allowances due for the period of unemployment by way of compensation.

The Company denies the allegations of the Union. It is said that as a warrant of arrest was to be executed by the local Police on him in connection with a case of theft, Rampyari was absent from the 11th May 1950 without leave and without any explanation whatsoever to the Company and he contravened rule 14(*c*)(*v*) of the Company's Standing Orders by remaining on unauthorised leave for more than 10 days. He was visible after that for the first time on the 22nd May when he forcibly took possession of his loom by pushing out the *budli* weaver, one Basant. He was served with a charge-sheet on that day, but he refused to accept it and the Management had no other alternative but to dismiss him with effect from the same day, 22nd May 1950. He flouted orders of the Mill authorities by refusing to leave the Mill premises, and Police help had to be requisitioned in ejecting him. The Company repudiates the claim for his reinstatement and compensation under the circumstances stated, but is ready to pay his outstanding dues if he calls at the Mill Office.

I am satisfied from the evidence that the act of the Management was not *mala fide* and there was no victimisation as alleged by Union. The award of the first Jute Tribunal, to which the Company was a party and which was published under the Government notification No. 3443Lab., dated the 20th September 1948, directed the issue of a standard employment book to each and every workman except the casual workers. About 7,000 (seven thousand) men working in the Company, had to be photographed individually, and their particulars had to be collected and recorded in their service cards and employment books before the employment books could be issued to each and every workman in accordance with the directions made in the award. This meant a lot of time and naturally there was delay in providing the workmen with employment books which was done possibly in groups. The Labour Officer, Sri B. Roy, tells us that the system of distributing employment books in accordance with the directions of the award of the Jute Tribunal was introduced towards the end of 1949. Admittedly, the workers were clamouring for many things and issue of service cards was one amongst them as might be expected. But it is not established by evidence that Rampyari was the spokesman of the agitators or he approached the Manager with a request for the issue of employment books as stated by him. Assuming that he did it is difficult to connect his dismissal with those activities as the decision to dismiss him was taken by the Management long after on the happening of a specific event. The Company could have very little cause of complaint against Rampyari for carrying on agitation for employment books which it had decided to issue to its workers in implementation of the award. If he was a leading member of the Union and if he was victimised for his trade union activities there would have been a vehement protest from the Union immediately the Company decided to dismiss him. But the fact is patent on the face of it that he walked out peacefully without the slightest agitation being raised over his dismissal from any quarters. It is significant that the Union took no steps for his reinstatement for a period of about two years since he left. The theory of victimisation for trade union activities is thus ruled out.

Since evidence has been adduced by the Company through the Time-keeper, speaking from the Attendance Register to fix the date of commencement of Rampyari's absence from the Mill it has not been denied that he was absent from the 11th May 1950, though he himself said that it was from the 12th. Obviously, he was absconding to evade arrest for which a warrant had been issued. The fact of the warrant having been issued was being talked about in the Mill as well as in the local bazar. So, he had to leave the Mill without any intimation to the authorities. From P.W. 2 Musafir Singh we get that he was absent from 3 p.m. on Wednesday which corresponds to 11th May 1950. On both parties' case, he did not come to work in the Mill again before the 22nd May 1950. He says that he had been to the Mill on the 18th and saw P.W. 2 Musafir Singh and also saw the manager on the same day at the latter's suggestion. But he is not supported by Musafir Singh who says that Rampyari met him on the 18th outside the Mill and reported having seen the Manager on the following day. There is no evidence to corroborate him that he saw the Manager on the 18th and the latter asked him to join on and from the 22nd. It has been argued on behalf of the Union that there was nothing to prevent Rampyari on the 18th from doing the thing which he is alleged to have done on the 22nd, and this sufficiently indicates that he had the Manager's permission to join his work on the 22nd and so he had not joined on the 18th. The permission alleged to have been given by the Manager is to be proved as a matter of fact. To make the inference as suggested without proof would be to beg the question. It is not sufficiently explained why the Manager took action against him for having joined his duties if it was done with his previous permission. It is to be noted that the Manager's attention was not drawn by Rampyari to his alleged previous permission and the others were not told about it when he was asked to leave his loom. It is not also explained why Rampyari did not insist on joining on the 18th when he saw the Manager for his permission as by joining on the 22nd he was to lose his wages for 4 days. The fact of the matter is that he had not been to the Mill on the 18th as we know from P.W. 2. Presumably, he was not in a mood to work on that day. So, the question of his taking up work forcibly on that day does not arise and the suggested inference loses all its colour. I find, that Rampyari had not been to the Mill on the 18th, though he might have been on bail, and the story of his having obtained permission of the Manager to join work on and from the 22nd is not true. It is clearly established that Rampyari was absent from the Mill for more than 10 days from the 11th. He came to the Mill on the 22nd, but he should have explained his absence for more than 10 days and taken permission from the Management before joining work. Instead of doing that he went straight to the loom No. 217 where he had been previously working. It has been proved by the Company that seeing that Rampyari had not turned up even after more than 10 days the Management had selected O.P.W. 4 Basant to work in that loom treating the vacancy to be a permanent one. It has been suggested on behalf of the Union during arguments that Basant was put on loom No. 217 in pursuance of a conspiracy to oust Rampyari. I find no material to support the suggestion. It has been proved on the other hand that Basant was the first in the list of registered *budlis* and it was his turn to work in the permanent vacancy which occured by Rampyari not having turned up in time after the expiry of 10 days. Enmity has been alleged by Rampyari with Sewlal Sardar. The Mechanical Overseer Mr. John Macfarlane found the loom vacant just after 6 a.m. and put Basant on that loom after enquiry that Rampyari had not arrived and started work. Sewlal had no hand in the matter except that he was sent by the Overseer to see if loom No. 217 was still vacant and to get Basant to work on that loom. It is in the evidence of Basant that he had started work at loom No. 217 and had worked the shuttle once when

Rampyari came and forcibly put him off the loom by catching his hand. He is corroborated in this by the Overseer O.P.W. 3 to whom the matter was immediately reported. The evidence of P. W. 2 Musafir Singh also lends support to the same view as he says that Basant was at the loom No. 217 behind Rampyari, when the latter started work. He is not definite as to whether there was application of force, but he is certain that Basant was behind Rampyari. This is significant because Rampyari would not admit Basant's presence at all. I have no hesitation therefore to accept the Company's version that Rampyari started work by forcibly putting Basant off the loom. After that incident, the evidence is that Rampyari was asked to come to the office, one after another by the Overseer, the Assistant Manager and also the Manager himself. But he disobeyed the orders of all of them. The Manager then called the Police and Rampyari went to the office as directed. The evidence of the Labour Officer, Sri B. Roy (O.P.W. 5), is that while in the office he prepared the charge-sheet (Exhibit B) and it was handed over to Rampyari by the Manager himself. Rampyari refused to accept the same. He was himself present at the time and he signed his name as a witness to the offer of the charge-sheet to Rampyari and its refusal by him. It is true that the Company could not dismiss the workman for absence without leave for more than 10 days, which is a misconduct under the standing order No. 14(*c*)(*v*), without giving him an opportunity to explain the circumstances alleged against him. But the conclusion is inevitable that Rampyari did not only start work without permission of the employer after absence for more than 10 days, but he did so by forcibly ousting the *budli* put in his place by the Management and further he wilfully disobeyed the orders of the Mill authorities to come to the office and receive a charge-sheet and also refused to accept the charge-sheet when offered. He was thus guilty of misconduct not only by remaining absent for more than 10 days, but also by disorderly behaviour during working hours at the establishment and by wilful insubordination and disobedience to the lawful and reasonable orders of his superiors. He was therefore rightly charged under standing order No. 14(*c*)(*v*) for wilful insubordination, 14(*c*)(*iii*) for disorderly behaviour and 14(*c*)(*v*) for absence without leave for more than 10 days. (The standing orders are incorporated in the First Jute Tribunal's award). He was given 24 hours time to submit his explanation, but he refused to avail himself of that opportunity given to him for explaining his conduct by refusing to accept the charge-sheet. In the circumstances the Management had no other alternative but to dismiss him forthwith in view of the gravity of the situation calling for immediate action in the interest of discipline and harmonious and peaceful working in the Mill. The fact that Rampyari had a clean record in the past is in no way prejudicial to the Company's case.

In view of my findings as above, I am to hold that the dismissal of Sri Rampyari under circumstances alleged against him which are satisfactorily established, is a valid dismissal and is quite justified. The workman is not therefore entitled to reinstatement or any other relief. I make my award accordingly.

18. (*1*) On the date fixed for the hearing or on such other date to which the hearing may be adjourned, the Revising Authority shall hold a summary inquiry into the claims or objections preferred and shall record his orders either allowing or disallowing the claims or objections. For the rules under the heading "Rules for the Election under sub-section (*1*) of section 7 of the Calcutta Improvement Act, 1911, of three members of the Corporation to be members of the Board of Trustees for the Improvement of Calcutta", the following rules shall be substituted:—

1. On or before such date as may be appointed by the State Government for an election under sub-section (*1*) of section 7 of the Calcutta Improvement Act, 1911, a special meeting of the Corporation shall be convened by Mayor, or in his absence the Deputy Mayor of the Corporation for the purpose of the Election. Fifteen clear days' notice of the meeting shall be given to all members of the Corporation.

3. Nomination papers shall be supplied by the Secretary to the Corporation to any member of the Corporation applying therefor.

4. (*1*) Each nomination paper shall contain one nomination only, but any member of the Corporation may subscribe, as proposer or seconder, as many nomination papers as there are seats to be filled but no more.

(*2*) On receiving a nomination paper the Secretary shall enter in the nomination paper its serial No. and shall sign thereon a certificate stating the date on which and the hour at which the nomination paper has been received by him.

(*3*) Where a member of the Corporation has subscribed whether as proposer or seconder a larger number of nomination papers than there are seats to be filled, those of the nomination papers so subscribed which have been first received up to the number of seats to be filled, shall be deemed to be valid, and the other nomination papers so subscribed shall be deemed to be invalid.

5. The Secretary to the Corporation shall fix a time for scrutiny of the nomination papers on the day following the last date for filing nomination papers. A candidate or a person authorised by him in writing in this behalf shall have the right of being present at such scrutiny. The Secretary shall reject a nomination paper if it contravenes any of these rules.

6. (*1*) If the number of candidates duly nominated is not greater than the number of seats to be filled, the Mayor or in his absence the Deputy Mayor, of the Corporation shall forthwith declare the duly nominated candidates to be elected.

LABOUR DEPARTMENT

ORDER.

No. 1921-Dis./D/15L/11/52.—19th July 1952.—Whereas under the Government of West Bengal, Labour Department, order No. 1174-Dis./D/15L-11/52, dated the 13th May, 1952, the industrial dispute between Messrs. Swaika Oil Mills, 18/B, Brabourne Road, Calcutta, and their workmen as represented by Swaika Mazdoor Union, 1, Bazar Lane, Bally, Howrah, regarding the matter specified in the schedule thereto was referred for adjudication to the Third Industrial Tribunal;

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute between Messrs. Swaika Oil Mills, 18/B, Brabourne Road, Calcutta, and their workmen as represented by Swaika Mazdoor Union, 1, Bazar Lane, Bally, Howrah, regarding the following issues.

(1) Whether the dismissal of Sri Bhola Das is justified?

(2) To what compensation is he entitled?

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SRI P. R. MUKHERJEE, *District Judge (Retd.), Chairman, Third Industrial Tribunal.*

For the Company: Sri S. C. Sen, Advocate, and Sri Shankar Lal Khemka, Supervisor of the Company.

For the Union: Sri P. K. Sanyal, Advocate, and Sri K. Banerjee, President of the Union.

AWARD.

The above dispute had been referred to me by the Government of West Bengal, Department of Labour, under order No. 1174/Dis./D/15L-11/52, dated the 13th May 1952, for adjudication.

The case of the Union is that Sri Bhola Das, a workman of the Company, had been employed on 27th January 1943, as a clerk (Munim) in the Hindi Accounts Section of the Mills at an initial salary of Rs. 60 per mensem with free fooding. He continued to work efficiently and faithfully, and in December 1951, he was drawing a salary of Rs. 300.

During the last three years of his service, Sri Bhola Das was given the duty of closing the accounts of the Swaika Oil Mills along with another clerk under the direct personal supervision of Rai Bahadur G. V. Swaika. For this work, Bhola Das very often worked on Sundays and other holidays

The next question is about gratuity. The employee claims gratuity at the rate of half month's salary for every year of completed service. Regarding gratuity, reliance is placed on the terms of settlement signed by both the employer and the employees before the Conciliation Officer. The Company agreed that gratuity should be paid as per Mercantile Tribunal Award. The Mercantile Tribunal Award allows gratuity at the rate of half month's salary for each completed year of service to a maximum of 15 years. In my opinion, therefore, the claim of gratuity is maintainable and should be awarded. I, therefore, make an award that the worker will be entitled to the following relief:—

		Rs.	a.	p.
1.	Pay of December 1951, during which Bhola Das actually served the Company	301	0	0
2.	Pay of January 1952, during which he was on leave	301	0	0
3.	One month's salary in lieu of notice ...	301	0	0
4.	Gratuity at ½ month's salary for every completed year of service (9 years)	1,354	8	0
	Total ...	2,257	8	0

P. R. MUKHERJEE, *Chairman*,
Third Industrial Tribunal.

The 7th July 1952.

D. S. P. MUKHERJEE, Jt. Secy.

NOTIFICATION.

No. 48 E.T.—29th July 1952.—In pursuance of the provisions of sub-section (*1*) of section 90 of the Representation of the People Act, 1951 (XLIII of 1951), the following election petition presented under section 81 thereof is published for information.

SARAT CHANDRA RAY CHAUDHURI,
Chairman, Election Tribunal.

Election Petition No. 120 of 1952.

Received by me this the ninth day of April 1952 by registered post.

P. S. SUBRAMANIAN,
Secretary,
Election Commission, India.
9-4-52.

To

The Secretary,

The Election Commission of India, New Delhi.

In the matter of an Election Petition under section 81 of the Representation of the People Act (XLIII of 1951).

and

In the matter of Majibar Rahman Chaudhury, Mukhtar, Sadar Criminal Court, district Maldah ... *Petitioner.*

versus

Abul Barkat Ataul Gani, Manja Shah Jalalpur, Village and post office Kotwali, district Maldah ... *Respondent.*

PETITION.

The humble petition of the Petitioner abovenamed (under section 81, Act 43 of 1951)

MOST RESPECTFULLY SHEWETH:—

1. That at the General Election of 1951-52 your petitioner and the Respondent abovenamed were the only persons who obtained nomination and were notified as validly nominated candidates for election to the State Legislative Assembly of West Bengal from Kaliachak North single-member Constituency which is in the district of Maldah.

2. That the polling for the said election took place on the 12th January 1952 and the Respondent was notified in the *Calcutta Gazette* of the 14th February 1952 as having been declared duly elected thereat by the Returning Officer for the Constituency, Sri S. C. Sen Gupta, Subdivisional Officer, Maldah.

3. That between the date of nomination and the date of polling the Respondent through speeches and leaflets held himself out to be a Bar.-at-law, which in fact he is not, and drew the attention of the Electorate to what he described as the directions of the Prime Minister of the Indian Union (Sri Jawahar Lal Nehru) and also of President Rajendra Prasad to the Electorate of India that they should cast their votes in favour of deserving candidates, irrespective of parties.

4. That during the said period the Respondent also gave out that in addition to his having studied law and qualified for the Bar in the United Kingdom he spent four years at Geneva International Institute as a student researching in International Politics, although he has himself admitted elsewhere that he is a Graduate and that he spent the five years of his staying outside India only in the United Kingdom.

5. That over and above all this, the Respondent addressed Muslims, who constitute a large proportion of the Electorate, in the strain that if they voted him to the State Legislature, he would see to the inclusion of this Muslim-majority portion of the district, viz., Kaliachak, in Pakistan.

6. That the Respondent also obtained and/or procured the assistance of the Head Master of the Government-aided Junior Madrassa at Sujapur and the Head Pandit of the Government Free Primary School at Nawadah-Jadupur for the furtherance of the prospects of his election and thus brought himself within the mischief of section 123(*8*), Act XLIII of 1951.

7. That your petitioner thinks that the aforesaid conduct of the Respondent was nothing short of fraudulent tricks and devices amounting to undue influence within the meaning of section 123(2) of Act XLIII of 1951 (the Representation of the People Act, 1951) and also a violation of the prohibition contained in section 123(8) of the said Act and that the same having actually interfered with the free exercise of the electoral right of a majority of the Electors in the Constituency, the result of the Election has been against your petitioner (a Congress candidate), who happens to be a mere Mukhtar by profession.

8. That in view of your petitioner's popularity in the Constituency he has every reason to believe that but for the major corrupt practices of undue influence and obtaining and/or procuring of assistance from prohibited persons, resorted to by the Respondent as above described as well as other corrupt practices of a minor description falling under section 124(5) as set out in the list appended hereto, all of which have materially affected the result of the election by misleading a large majority of the electors, your petitioner would have won the election, and not the Respondent.

9. That a list setting forth full particulars of corrupt practices alleged herein, including a full statement as to the names and addresses of perpetrators of those practices and the dates and places of the commission of each such practice is submitted herewith by your petitioner.

10. That your petitioner has made a deposit of Rs. 1,000 (Rupees one thousand only) in the Government Treasury at Maldah in your favour as security for the costs of his petition and now submits herewith the relevant receipt in accordance with the provisions of section 117 of the Act. [Chalan No. 2312-Maldah Treasury-Received-31 March 1952.]

In the circumstances your petitioner prays for a declaration under section 84 of the Act by a competent Tribunal that the election of the returned candidate is void and that he himself has been duly elected on the following amongst other

Grounds.

I. For that the election has not been a free election by reason that the major corrupt practice of undue influence has extensively prevailed at the election [section 100(1)(a) of the Act].

II. For that the result of the election has also been materially affected by the major corrupt practice of obtaining or procuring of assistance from prohibited persons as set out in section 123(8) of the Act [section 100(2)(a) of the Act].

III. For that but for the votes obtained by the returned candidate by means of corrupt practices the petitioner would have obtained a majority of the valid votes [section 101(b) of the Act].

And your petitioner, as in duty bound, shall ever pray.

MALDAH,

The 6th April 1952.

Verification.

I, Majibar Rahman Chaudhuri, the Petitioner in the above matter, do hereby declare that the contents of paragraphs 1, 2, 9 and 10 are true to my knowledge, those of paragraphs 3, 4, 5 and 6 are true to my information and those of paragraphs 7 and 8 are true to my belief. I sign this verification at Maldah, at 10 a.m. on the 6th day of April 1952.

MAJIBAR RAHMAN CHAUDHURI.

List of Particulars of Corrupt Practices referred to in the Petition attached.

I. Publication of leaflets by the Respondent—

(1) In a leaflet of one variety, copy whereof is attached herewith, the Respondent falsely gave out that he was a Bar.-at-law and a Research student of International Politics at Geneva for four years.

(2) In a leaflet of another variety, copy whereof is attached herewith, the Respondent falsely held himself out to be a Bar.-at-law and in hte text thereof represented, addressing the electors, that President Rajendra Prasad and Prime Minister Nehru had asked the electors of India to elect deserving persons irrespective of parties.

Both these varieties of leaflets were published by the Respondent himself and were distributed all over the Constituency among the electors concerned in thousands. Now, the fact is that he is not a Barrister and yet by means of the false representation above described, he unduly influenced a large mass of electors by inducing them to vote for him.

II. Speeches—

(1) On 28th December 1951 after Jumma prayer the Respondent held a meeting of electors, inside the Sujapur Mosque and in the course of his address to them he described himself as a Barrister passed in England like Mr. Jinnah and said that, besides, he had researched in International Law

and that Messrs. Zafrulla Khan and Firoze Khan Noon of Pakistan and also Messrs. Churchill and Attlee of England were his friends, so that if he were sent to the legislature, he would see to the inclusion of Kaliachak, a Muslim-majority Thana of the district of Malda, in Pakistan. He also cast a slur on the candidature of the petitioner, describing him as a plantain tree set up by the Congress.

It may be mentioned in this connection that Janab Taleb Ali, Head Master of the Sujapur Government-aided Junior Madrassa, followed, making a speech in support of the candidature of the Respondent and asked the electors to vote for him and not for the petitioner.

(The above were nothing but fraudulent tricks and devices employed to persuade the bulk of the electors to vote for the Respondent and not for the petitioner.)

(2) On 28th December 1951 in the afternoon at the Sujapur High School compound the Respondent held an election meeting under the Presidentship of Janab Taleb Ali, the Head Master of the Sujapur Government-aided Madrassa, in which the Respondent gave himself out as a Barrister passed in England and compared himself with Pandit Nehru in respect of calibre and said that he would become a Minister, if he were sent to the legislature. Janab Taleb Ali also delivered a speech and requested the electors to vote for the Respondent and not to vote for the petitioner on certain grounds (set out in an affidavit sworn by Khageswar Mandal).

(3) On the evening of 29th December 1951 the Repondent and the aforesaid Janab Taleb Ali held a meeting of the Muslim electors at Chaspara village, in which they delivered similar speeches as above, comparing the Respondent with Mr. Jinnah and promised the inclusion of Kaliachak police station in Pakistan.

(4) On 6th January 1952 in the afternoon the Respondent and the aforesaid Janab Taleb Ali held a meeting of the electors at Noornagar Mosque Hat and delivered speeches exhorting them to vote for the Respondent, as he was a Bar-at-law and not to vote for your petitioner, as he was a Mukhtar.

(5) On the afternoon of 7th January 1952 the Respondent and the aforesaid Janab Taleb Ali held a meeting of the electors at Joteparam Free Primary School and made similar speeches exhorting them to vote for the Respondent and not to vote for your petitioner.

(6) On the afternoon of 7th January 1952 the Respondent and the aforesaid Janab Taleb Ali held another meeting of the electors at Nawada-Jadupur Free Primary (Government) School under the Presidentship of Haji Md. Ebrahim, the Head Pandit of the Government Free Primary School of Nawada-Jadupur and they all exhorted the electors to vote for the Respondent as being a Barrister (which in fact he is not) and not to vote for the petitioner who is a Mukhtar.

A similar meeting was held at Fateh Khani where similar speeches were made on the same afternoon.

(7) On 8th January 1952 (afternoon) the aforesaid three persons held a meeting at Dariapur Free Primary School and they all made speeches exhorting the electors to vote for the Respondent who they falsely said is a Barrister and not to vote for the petitoiner who is a Mukhtar.

(8) On 8th January 1952 (afternoon) the Respondent and Janab Taleb Ali, the Head Master aforesaid, held a meeting of the electors also at Krishnapur Hanifia Madrassa and spoke thereat, exhorting the electors to vote for the Respondent as being a Barrister (which in fact he is not) and not to vote for the petitioner who is a Mukhtar.

(9) On the night of 8th January 1952 at Dakhin Debipur village the Respondent and the aforesaid Head Master Janab Taleb Ali visited the village electors and they promised the inclusion of Kaliachak in Pakistan to the Muslim electors there, if they supported his candidature.

(10) The Respondent made speeches similar to those referred to in (2) at villages within the unions of Hamidpur, Paranpur, Panchanandapur and Kakribadha-Jhowbona during the 1st half of December 1951.

(11) Khan Bahadur Abul Hayat Khan, father of the Respondent, made similar speeches and utterances within the abovementioned unions during the last week of December last and thereafter upto the 11th January 1952, knowing that the Respondent was not a Barrister.

(The relevant sworn affidavits will be produced, when called for.)

Verification.

I, Majibar Rahman Chaudhury, the Petitioner in the above matter, do hereby declare that the contents of the above List of Particulars of Corrupt Practices referred to in the petition attached, are true to the best of my information and belief. I sign this verification of the said list at Maldah at 10 a.m. on the 6th day of April 1952.

AWARD.

Issue No. 1—Wages—Minimum basic wages and grades and scales.

3. This issue relates to the claim for minimum basic wages and grades and scales. There is a claim of Rs. 45 per month as the minimum basic wage of an unskilled worker. From Ext. N I get that the minimum basic wage of an unskilled worker is Rs. 30 per month. The maximum basic pay is Rs. 50 per month. Under this category are included 89 Cleaners. From the same chart I get Rs. 50 as the basic minimum wage of semi-skilled workers. Under this class are included 49 Improvers. Sweepers get Rs. 25 per month as the minimum basic wage and Chowkidars Rs. 35 as minimum basic wage per month. If by its side we place the statement Ext. O(1) we get how the basic salaries of all categories of workers stood in July 1948. From this exhibit it appears that prior to July 1948 consolidated wages were given in which dearness allowance was not separately shown. But after July 1948 the basic pay and dearness allowance were separately shown. This also resulted in the total increase of wages. Then on 1st September 1950 there was a further increment of basic wages and corresponding dearness allowance. From this I get that a Cleaner who used to get Rs. 36 per month in 1947 was raised to Rs. 40 in December

1947. It was further enhanced to Rs. 32 as basic wage and Rs. 22-8 as dearness allowance per month. This meant an increase of Rs. 14-8 per month. Then on 1st September 1950 basic wage was further increased by Rs. 2 per month. So on 1st September 1950 the total emoluments stood at Rs. 56-8 per month in place of Rs. 36 in the beginning of 1947. Similarly Ext. 0(1) shows how the pay of other workers was similarly increased. From this I get Rs. 34 as the minimum basic wage of an unskilled worker as a Cleaner. Similarly of the Chowkidars and Sweepers.

The minimum basic wages in different industries of this country, particularly of the Engineering industry, stand as follows: Rs. 30 per month for an unskilled worker, Rs. 35 per month for a semi-skilled worker and Rs. 40 per month for a skilled worker. This represents the minimum basic wage, particularly in an Engineering industry. In Jute and Textile industries the minimum basic wage is even less. In this view of the matter, the minimum basic wages of unskilled and semi-skilled workers in Bharat Airways, Ltd., seem to be quite good. P.W. 11, who was a witness examined on behalf of the Association, admits that in Air Services of India, Ltd., the minimum basic wage of a Cleaner is Rs. 30 per month. He serves in the Kalinga Air Lines where Rs. 45 is the minimum wage of an employee inclusive of allowance. P.W. 10, G. C. De, admits that the grade of unskilled workers is Rs. 35 to Rs. 65 per month in the Air (India), Ltd. This witness admits that the routes of Air (India), Ltd., are considered as most lucrative routes. So the minimum basic wage of Bharat Airways, Ltd., compares favourably with those in the sister concerns. It is rather worthy of note in this connection that Exts. 0(1) and N make it abundantly clear that the minimum basic wage given to skilled workmen is quite handsome. It is the contention of the Union that the cost of living has gone up so high that the minimum basic wage must be twisted up. But the rise in the cost of living does not justify the twisting up of the minimum basic wage. If it has any bearing it has a bearing on the dearness allowance. So I do not think that the minimum basic wage in the present Company requires to be pushed up.

Regarding the claim of grades and scales, the stand taken up by the Association is that the Company has already in existence grades and scales. Of course, the minimum and maximum salaries, as per Ext. N, is an indication in support of it. But it may be that the Company, instead of fixing up any grade with fixed increments, prefers to give increments at pleasure. It is denied by the Company during the hearing that it does not have any grade and scale. The Union could not produce evidence showing that there are grades and scales. In the absence of such evidence I have to take the version of the Company as correct. Now the point is whether I should introduce grades and scales here. The Tribunal will be justified in introducing grades and scales only where the financial position of the Company is perfectly stable or where the income is more or less certain, leaving a fair margin of surplus. But here the condition of the Company is almost desperate. The losses are mounting up year after year. The extent of loss at the end of December 1950 stood in the neighbourhood of 18 lacs of rupees, as per Director's report—Ext. S. Also the balance-sheet—marked Ext. S(1) shows that the amount of loss at the end of 1951 has gone up to Rs. 23,56,000. This does not make allowance for depreciation, bad debts, etc., which stand at 52 lacs and odd rupees. So the total loss would go up to 75 lacs and odd rupees. I get that the loss is partly due to the stretching out of the air lines abroad. It was also disclosed that subsidy from Government is expected on the report of the Air Transport Inquiry Committee. Be that as it may, against this colossal

loss one should think twice before committing the Company to further extra financial burden unless it is such as brooks no delay. Grades and scales are, no doubt, necessary, but in such context as above, it cannot certainly be immediately granted. P.W. 11, admits that there is no grade of pay in the Kalinga Air Lines. So, because Air (India), Ltd, grants grades and pay scales, that by itself would not be sufficient justification to impose such a burden on the Bharat Airways, Ltd., against the financial background set forth above. So I turn down the claim for grades and scales set up by the Association. The Association must bide time. The present time is certainly not opportune for such a measure.

Issue No. 2—Dearness allowance.

4. This issue relates to the claim of dearness allowance. I have pointed out above that the amount of pay given to skilled workers in the Bharat Airways, Ltd., whose number predominates—is handsome. The pay that is given to the unskilled workers, however, borders on what is called the subsistence level. They get merely the minimum basic wage. From this it would be clear that if dearness allowance is increased, the unskilled workers are entitled to a greater share of relief because of their low wages than the skilled workers who get a fair salary. The scale of dearness allowance which prevails in this Company is a flat rate of Rs. 22-8 or 20 per cent. of the basic salary whichever is greater. Naturally the unskilled workers get Rs. 22-8 as dearness allowance per month because of their low wages. The persons who get higher salary get the benefit of 20 per cent. of the basic wages as dearness allowance. Ext. O(1) will show that on 1st September 1950 dearness allowance was slightly increased just to conform to the increment in salary. But this benefit could hardly be shared by the unskilled workers in whose case dearness allowance was not increased. I must, however, admit that the dearness allowance that is given by the Company even to the skilled Mechanics is much less than what was given by the Major Engineering Tribunal. Now, the point is whether, in the present circumstances, the dearness allowance should be liable to be increased and, if so, by how much. It is now the settled principle in the Labour Tribunals that dearness allowance must be tuned up to the capacity or competence of the Company to pay. So, if the Company is unable to pay increased dearness allowance because of its financial inability, it should not be granted merely with an eye to the workmen's requirements. So the granting of dearness allowance depends not merely upon any abstract principle or any theory of food requirement to keep up the workmen's efficiency, but also upon the paying capacity of the concern in which such people are employed. In the present case, I have already shown that the Company has incurred losses to the tune of 75 lacs and odd rupees. If the losses were the only criterion, I would straightaway have refused the claim for increased dearness allowance. But if the balance-sheets of the Company are scrutinised, it will appear that the expenditure is most lavish. 19 lacs and odd rupees have been spent on maintenance charges and 27 lacs and odd rupees have been spent on salaries. Mr. Gupta on behalf of the Association has shown by calculation (*vide* the list of Pay Chart—Ext. N) that 5 lacs and odd rupees may be estimated as the total salaries in the Engineering Section. For the total staff of 900 hands he estimated the salary expenditure to amount to 11 lacs and odd rupees roughly. That would mean a margin of 16 lacs of rupees spent on the score of highly paid staff. This is certainly a disparity of expenditure. At all events it shows a fairly topheavy administration. Social justice would certainly not warrant that. If economy is to be achieved it must not be by sweating labour only. All must suffer alike more or less. So in the circumstances, after a careful consideration, I am

inclined to grant a little relief to the workmen, particularly the unskilled workmen, on the score of dearness allowance. The major Engineering Tribunal granted Rs. 31 as minimum dearness allowance per month for the lowest pay range. I also award Rs. 31 per month as the minimum dearness allowance for all categories of workers in the Bharat Airways, Ltd., but I refrain from interfering with the 20 per cent. scale in the case of workmen who do not like to take advantage of this minimum dearness allowance. The relief I have given will not cost the Company much but it will give immense relief to the poorly paid staff. I have not increased the prevailing 20 per cent. of the basic wage as dearness allowance as that will mean a heavy sum in the case of higher salaries. So in the result, on the score of increased dearness allowance I only allow Rs. 31 as the minimum dearness allowance on a flat scale for all categories of workers. On a proper consideration I refrain from introducing sliding scale of dearness allowance based on scales of pay ranges as adopted by the Major Engineering Tribunal as that will cast a heavy financial burden on the Company which it may find difficult to adjust itself to in its present financial crisis. I do not, however, make this dearness allowance retrospective.

Issue No. 3—House rent.

5. This issue relates to house rent or allowance in lieu of house rent. The Union claims 20 per cent. of basic wages as house rent. In support of its claim it contends that I. N. A. gives 50 per cent. of the basic wage as house rent. Air (India), and the Air Services of India both have provided quarters for their employees. The Company resists the claim on two grounds, viz., (1) that house rent is included in the reckoning of wages and (2) the financial inability for further commitments. It also contends that the responsibilty of housing rests more with the State than with the employer.

Of course, the question of house rent has been taken into account while fixing the wages. But as wages have been given merely on subsistence level, if the cost of housing is exorbitant, the employees must necessarily suffer. But in the present case, I get on evidence that the employees mostly live in their own houses and they do not occupy any of the quarters at Dum Dum. Dum Dum Aerodrome is situated in an out-of-the-way place. I would have granted house rent if the employees were forced to occupy rented houses at Dum Dum on a very high rent. Even Government employees who get house rent have to pay 10 per cent. from their basic wage. The excess, if any, is, subject to a certain limit, borne by Government. In the case before me the employees neither live in rented houses at Dum Dum, nor is there evidence that the rent that they pay is in excess of 10 per cent. of their basic wage. Secondly, regarding the responsibilty of housing between the employer and the State, the matter is not above doubt. Industrial Housing Sub-Committee published by the Government of India in May 1946 at page 9 of its report observed, "While in the case of factories located in rural areas the responsibilty of housing must be solely that of the employer, yet in urban areas because of the magnitude of the problem the responsibility of housing the workmen would not be left to the employers only and that the problem of industrial housing in urban areas would only be successfully tackled by the collective efforts of the local authorities, Government and the employers." In the main report of the Labour Investigation Committee of the Government of India the same view has been taken. At pages 369-71 it was commended that for big urban areas the State should provide the finance for building the houses, leaving the recurring expenditure for maintenance to be shared between the employer and the employees. Thus it will appear that the

Issue No. 9—Free transport or allowance in lieu thereof.

10. This issue relates to free transport or allowance in lieu thereof. I get from P.W. 1 that Air (India), Ltd., grants cheap transport. The employees avail themselves of the Company's transport on payment of Re. 1-4 per month. The witness P. K. Banerjee states that Bharat Airways gave free transport up to 1948. It has been withdrawn since the formation of the Union. There is no denial on this score. As Dum Dum Aerodrome is situated in an out-of-way the place and as one has to board the public transport to reach there and as one has to reach there in time, it is only desirable that the Company should provide for motor car facilities for carrying the employees to the Aerodrome from different parts of Calcutta. I am told that previously the Company used to run its buses from Hazra Road to Dum Dum via principal routes of Calcutta. I would ask the Company to restore the system. But if in the present state of finances of the Company it cannot find its way to purchase transport buses for the employees, I would award Rs. 5 to be given to each employee per month by way of compensation for this extra expenditure to reach this distant place. But if the Company provides conveyance both to and from the Aerodrome, via principal streets of Calcutta as before, then this compensation will not be payable. I am shown by the Company that the employees are appointed on the distinct understanding that they must arrange their own transport. That, of course, relates to the contractual obligation of the parties. But I am not speaking of that. I speak of the hardship which the employees are put to and also of the extra expenditure they incur in reaching their place of work. It is only in the fitness of things that when other Companies allow this privilege and when this privilege is more or less of the nature of necessity, this should be awarded. I grant it accordingly as above. This will come into operation as the award becomes operative.

Issue No. 10—Night shift allowance.

11. This issue relates to night shift allowance. I am told by P.W. 10 that Air (India) grants 1½ times of the day shift workers' pay to the night shift workers. I am told that the night shift workers are to work for 14 hours at night and have to incur extra expenditure on the score of food and tiffin. Ext. C is relevant in this connection. From the evidence of P.W. 3 at page 4 I get that the employees who are made to work in a night shift get 36 hours' respite in between his duties. In the Jute Tribunal award I find no special allowance for night shift workers. In Air Services of India it is a condition of service to do work at night and sometimes at day. 36 hours' respite is quite a good interval to recuperate the strain involved and also to come back to duty quite fresh. I am unable to grant any night shift allowance as claimed, particularly in view of the financial position of this concern already referred to.

Issue No. 11—Gratuity.

12. This relates to gratuity. The Union claims gratuity at the rate of one month's pay. The Company resists the claim on the ground that there is a Provident Fund already in existence in which the Company makes equal contribution to the employees—to the extent of 6¼ per cent. of the basic wage. It is further contended that this aircraft service is new and there are not many cases of workers whose service is not covered by the Provident Fund. That is true. But gratuity is no longer looked upon as an alternative provision for old age to Provident Fund. Both these benefits are granted by the Tribunals to run *pari passu*. Provident Fund money in the case of poorly paid staff is hardly sufficient to safeguard against

penury and wants of old age after retirement. So, I am half inclined to grant gratuity in addition to the Provident Fund in the present case. But the present time does not appear to be opportune. The Company is extremely involved. Gratuity will mean an additional expenditure and an extra burden on the Company. In the present state of its finances I am unable to grant this claim of gratuity against the Company.

Issue No. 12—Free medical aid.

13. This issue relates to free medical aid to the employees. From the evidence of P.W. 10 I get that Air (India) has got three medical officers and Air Services of India, as deposed to by P.W. 11, grants free medical aid to its employees. Bharat Airways, Ltd., only keeps first aid arrangements. This must be considered to be a deplorable state of things, so far as the present Company is concerned. I have already remarked that Dum Dum Aerodrome lies at a place rather remote from the heart of the town. So medical aid in case of emergency is difficult to get. I have also got in evidence that the workers are employed in night shifts. So in case of accidents which may not be infrequent in connection with air aircrafts and factories, it can be very well imagined that the injured workers will be left either to take care of themselves or to remain content merely with first aid. In case of big Companies it is rather unfortunate that such state of things has been made to exist for a length of time. So I award that the Company must within three months provide a sick room also a dispensary in which not only first aid boxes but usual medicines and surgical commodities which are ordinarily required in cases of accidents must be provided. A whole-time passed compounder must be in charge during the time the workers are on duty. A passed Doctor should also be attached on a part-time basis. The employees who fall sick in course of duty must be given free medicines by the Company as its Doctor certifies. Those employees who in course of duty are treated at home by competent Doctors should get their medical bill tested by the Company's Doctor and, if approved by him, the Company must pay for the same. But when Government will take up the matter in its own hand to provide for medical expenses of the employees under a contribution from the Company, then the Company will be relieved of the present burden. I consider it to be an urgent matter. It should not be shelved merely because Government have started introducing the operation of the Act for this purpose. I dispose of the issue as above.

Issue No. 13—Free air passage.

14. This issue relates to free air passage. It is argued before me by the learned Counsel of the Union that Railways grant passes or P.T.O. to their employees. The Airways (India) grants free air journeys to the employees themselves in a year and bears 25 per cent. of the cost incurred by other members of the family for such air journeys. The Company resists the claim on the ground that it is a luxury which cannot be indulged in at the present moment. I can never treat this as a condition of service. Where it is granted it is granted by way of concession shown to the employees as a gesture of good will. It strengthens the tie between the employer and the employees inasmuch as it shows the employer's anxiety for the welfare and recreation of the employees. But I am unable to force this concession as it is nothing else out of the Company's unwilling hands in the present state of its finances.

Issue No. 14—Canteen.

15. This issue relates to the question of canteen. There is a canteen in Air (India) and the Air Services of India. I am told that the Bharat

Airways also had a canteen. As the employees insisted on having fish and meat which was too much or which was abhorrent to Messrs. Birla Brothers, the canteen was wound up. The Company contends that the canteen was discontinued because the employees preferred to bring up their tiffin from home rather than pay for it in a canteen. But for so many people employed, a canteen is not only a necessity but a legal necessity. The Factories Act require it. The Company has produced Ext. Z which is dated the 13th November 1951. This is a letter written by Sri. B. L. Shah, Superintendent, Administration Department, Dum Dum Air Port of the Bharat Airways. It states that the present canteen is very small and cannot cope with the increasing demand of their labour. He suggests that half portion of the Stores Building near Hangar No. 13 may be allowed for the purpose. This makes it clear that there is a canteen in existence, might be in a moribund condition. So it has not been wound up. I get from the Union's evidence that beef is allowed for the passengers in the restaurant of the office of this Company. If that is so, and this evidence is not contradicted then I see no point why there should be no fish or meat in the canteen of this Company. After all, canteen should provide such food which is suitable to maintain the efficiency of the workmen using it and which makes the canteen popular with the workers. However I leave this matter to the Canteen Committee which is composed mainly of the workers. All that I want to say is that fish and meat by themselves must not be tabooed. So I award that the Company must within three months open up the canteen and invite the Factory Inspector to visit it just to see whether it answers the requirements of the Factories Act rules. It is expected that healthy food at cost price will be available. If the Company has a canteen in existence or even if it has none at present, then the old space used for the canteen must be used even now till better space is available. Want of space must not be a ground for not starting the canteen. I dispose of the issue accordingly.

Issue No. 15—Bonus.

16. This issue related to the claim for bonus. I am told by the learned Counsel of the Union that bonus was given in 1950 to the extent of 4 months' salary. The Company contends that bonus was given in 1950 because of the extra income derived from air-lifting people from Assam. That was a temporary case and can never form a permanent feature of the Company. While considering the balance-sheets, I have found that the Company's liabilities are to the extent of 75 lacs of rupees up to the present. The liability is the most in 1951. That being the position, I cannot entertain the claim for bonus by itself. If the Company grants it, so much the better; if not, I cannot award it. No profit, no bonus, is the ordinary rule. Bonus, after all, cannot be considered apart from the Company's working position with an eye to loss and profit. So the present claim against the present background of the Company's finances cannot be sustained. I reject it accordingly.

Issue No. 16—Service rules with special reference to appointment letters, etc.

17. This issue relates to service rules with special reference to appointment letters, confirmation letters, late attendance and probationary perod. The Company argues that the service rules have been recently framed and certified by the Certifying Officer. This is a complete answer to the claim under this head. But the learned Counsel on behalf of the Union contends that the service rules are not complete with regard to some special matters.

He wants direction from the Tribunal under these heads. I have gone through the Service Rules exhibited before me. They contain general provisions bearing on matters which will regulate the conduct of the employees vis-a-vis their employer. But I find that special direction which the Union wants is necessary. It is necessary to avoid future misunderstanding or difference between the employees and the employer regarding the pay and the prospect of the employees to secure a harmonious relationship. So I direct the Company to issue an appointment letter in every case of appointment stating the initial salary—both minimum and maximum—and also the probable date of confirmation in the event of approved and efficient service. The probationary period is limited to six months unless the Company in exceptional cases wants to reduce it. But it should not be prolonged except on very good grounds and must be very rarely. If a little freedom is not given to the employer in this connection, that may do more harm than good to the worker because then in every case they will either be discharged or confirmed. There will be no scope of choice in special cases.

Regarding late attendance, the Union wants that late attendance must be viewed with indulgence and condoned, if possible. It is contended that 5 minutes should be the grace period for which no deduction of salary should be made because the employees have to use public conveyance and everybody now knows what it means and how it is congested. The Union further contends that there should be proportionate deduction of wages for the period of delay in attendance. I am unable to accede to such prayer. It is an Aircraft Company where the workers serve. Aircraft Companies are noted for their punctuality and for good reasons. So the employees must attend their duties in the nick of time. I can never encourage late attendance. Deduction of wages is never a sufficient penalty for late attendance. If the Company provides transport buses as I have ordered, then even 5 minutes' late attendance should not be condoned. If it is condoned, it may be rigidly condoned. But till this system is introduced by the Company and the employees have to use public buses I call upon the Company to treat 5 minutes' late attendance with some amount of indulgence and grace. When the explanation is satisfactory, 5 minutes' late attendance may be condoned, but where it is not, the Company may impose its penalty as it deems just and proper.

Regarding confirmation, the Company should issue letters to the employees. As I have already said, confirmation and probationary period should not be longer than six months ordinarily.

Issue No. 17—Technical library.

18. This issue related to the claim for a technical library. The benefits of a technical library to be derived by the Aircraft staff cannot be overstressed. The technical staff and the mechanical staff employed in aircrafts stand in need of progressive education. They must keep abreast of the improvements achieved in this direction in other countries and abroad. The lives of people are in their hands. So, if they cannot be allowed to be out of date, particularly as aviation is a progressive science. Daily new type of aircrafts are coming in and their defects are noted and discussed. So the existence of a technical library in an Aircraft Company is certainly there. But the point is whether I should insist on it at the present moment. I am afraid, I cannot do it against the present financial background of this Company. So I ask the Union to select a better time for pressing this claim than at present. So I reject the claim.

Issue No. 16—Supply of uniform, etc.

19. The Union claims supply of uniform including warm clothing and overall respectively for loaders, cleaners on the one hand and the mechanics on the other. The workers have to work exposed to rain and winter. The learned Counsel of the Union contends that the temperature of Dum Dum in winter is less by 4 degrees than that at Calcutta. These employees cannot lay by from their income anything to provide themselves with warm clothings for work at night in cold open spaces as at the Aerodrome. The Company contends that the cost of uniform and overall, if any, must be borne by the employees themselves as the same is included in the wages. I have pointed out that the wages that have been allowed are on a mere subsistence level. It may cover the expenses incurred for day-to-day clothing but nothing more than that. The learned Advocate of the Company contends that the Tribunal should not meddle in this affair as it is a concern of the Management—pure and simple. But the very definition of the "industrial dispute" gives the Tribunal the jurisdiction to look into the service conditions of the workmen. Service condition includes in it also the necessary outfits for a worker for the efficient discharge of his duties. So, though the Company may not supply uniform to all office-bearers, it is certainly under obligation to provide necessary outfits required for day-to-day discharge of duties by the employees. O. P. W. 1, Sri B. L. Shah, who is the Superintendent, admits at page 6 of his deposition thus—"We give uniforms only to those employees who come in contact with the public just to make them look decent. They are loaders, traffic assistants, pilots, operation staff, etc." So it is clear that the Company does grant uniform to certain of its employees and with a purpose. But in the case of workers working in the Aerodrome at night under exposure are certainly entitled to such uniforms and overall not so much as a formality but as a necessity. These workers have often to lie on the ground and to work on greases, oil, etc., which soil their clothes. So I award that the cleaners, and other such workers who work in aircrafts or in factories must get two uniforms at a time so that one may be used while the other is given out for washing. These will be replaced after they are worn out to the satisfaction of the Company. They should be used only when on duty and must be left in the custody of the Company when leaving the factory. The mechanics should similarly be provided with two overalls under the above conditions. During winter they should all be provided with warm jerseys or other such warm clothings as may prevent cold but may not detract from their efficiency. They should also be worn while on duty and left in the Company's custody when off duty. The claim on this head cannot wait till the Company's finances look up because it cannot brook delay without causing much hardship to the employees.

Issue No. 18—Wages for strike period.

20. This relates to wages for the strike period between 11th December 1951 evening and 21st December 1951 evening. It is a contention of the Union that when the Company turned a deaf ear to their Charter of Demands and when, to add insult to injury, they had recourse to discharging active members of the Union, the Union had no choice but to resort to strike. They knocked at every possible quarter but without any response. The learned Counsel on behalf of the Union argues that the Company should be found guilty of unfair labour practice. As such, it is contended that the Company is liable to pay the full wages and allowances of all the employees during the strike period ranging from the 11th December to the 21st December 1951. The Company, on the other hand, contends that it could not for just reason accede to the demands set forth in the Charter of Demands. It participated in the conciliation proceeding

but nothing came out of it. Some of the employees were discharged, but that was not for their Union activities. As a matter of fact, it is contended by the Company that it was not apprised of any Union activities on their part. The strike in question was started without notice. It was continued even when the Labour Commissioner by his letter No. 4151/LON, dated the 14th December 1951, informed the Union that Government had been moved in the matter. He requested the Union to call off the strike. On the 15th December 1951 the matter was referred to the Tribunal. Government further passed an order under section 10(*3*) of the Industrial Disputes Act, 1947, banning the continuance of the strike. But even then the strike was continued. The conduct of many of the strikers during the period of the strike is said to have been violent and subversive of discipline. Then as wisdom began to dawn on the strikers, they are said to have gradually returned to their work with the result that the strike collapsed and died a natural death on the 21st December 1951.

In this connection reference has been made to the award of Sri S. N. Guha Ray in Calcutta Tramways Co. dispute, to the award of Sri R. Gupta in the Imperial Bank dispute and to the award of Dr. H. G. Waight in Venesta, Ltd., dispute. My esteemed colleague Sri M. C. Banerjee in his award in Electric Co., Ltd., dispute has observed that if a strike is provoked, the Management should be responsible for the consequences and must pay the workers the full pay and dearness allowance for the strike period. Dr. H. G. Waight in his award on the dispute between Venesta, Ltd., and its workers has observed,—"The basic principle of all employments is that an employee has only the right to receive payment for the work done and that voluntary unemployment ordinarily carries no right to receive pay. Where pay is allowed, it is a departure from the normal rule. I think it is fair to say that ordinarily the economic weapon of this strike is used in the same way as other economic weapons, viz., at the risk of the person using it. If a strike is successful, the reward lies in the Strikers getting improved terms in conditions of service." Following the principles enunciated in this award I am clearly of opinion that the claim for strike pay is unsustainable. As I am told that the Union was clamouring for a reference to the Tribunal. The Union should have then withdrawn the strike, the moment the reference was made. That was not done. At all events, the Union should have withdrawn the strike when the order under section 10(*3*) of the Industrial Disputes Act, 1947, was passed by Government banning further continuance of the strike. That was also not heeded. The Union did not stop till an assurance of indemnity came from the employer's side. Strike, of course, has not been outlawed. But this weapon, as all other weapons, must be used with caution. It recoils on the head of the person who wields it if it is done without sufficient justification. It is the extreme step which the workers can resort to. But even then, unless the employer is guilty of unfair labour practice or victimisation, strike pay cannot be forced out of his hands. In the present case, the employer merely rejected the Charter of Demands. The employer certainly had the inherent right to refuse such a prayer. The employer never opposed the reference to the Tribunal. The employer neither did bang the door of negotiation. So where is the fault of the employer in the present case? As I shall show later on that the discharge in most of the cases in question was justified, so the cases of discharge in question cannot be branded as acts of victimisation. The employer's side has placed before me some telegrams sent to the police-station for police help against violent activities of the strikers. The learned Counsel of the Union contends that these telegrams were sent only to create evidence for the case against the strikers. He argues that telephonic message could have been very well

sent. That is true to a certain extent. But there is nothing to show that no such telephonic message was actually sent. The Company might have sent those telegrams in frantic appeals for police help in an emergency. The learned Counsel of the Union contends that if the strikers were really violent, the police should have arrested them. The police did not do that. That is said to indicate that there was no violence. The fact that there was no arrest only shows that no violence was committed in the presence of the police. It does not necessarily show that violence was not committed when the police was absent. But this violence has only a bearing on the conduct of the strike, I mean, how the strike was conducted. But simply because a strike was not vitiated with violence, that cannot earn strike pay for the strikers. Strike pay for the strikers can only be allowed, as I have pointed out, where some guilt or responsibility is fastened on the employer on the score of unfair labour practice, etc. I can never say that the employer was responsible in the present case for provoking the strike. So I turn down the claim for strike pay during the period in question.

21. This issue relates to the dismissal of 18 workmen under different charges.

Issue No. 6—Relief to which the dismissed workmen are entitled.

Sri A. K. Gupta.—(1) First, I take up the case of Sri A. K. Gupta. He was appointed as an Aero-Mechanic in May 1949, as per Ext. E. He was discharged in July 1951. He was transferred to the Head Office on the 20th February 1951. He is said to have resented the transfer and become negligent in the discharge of his duties at the Head Office. He was reported against by his superior officer. The Company took action against him and eventually discharged him. The Union contends that he was the Treasurer and a Member of the Executive Committee of the Association. The Company did not look with favour the formation of this Association. He was transferred to the Head Office with the motive to alienate him from the Union. So it was a case of victimisation. As such, the Union claims his reinstatement with compensation. He was not given opportunity to explain the position and was not heard in person. The Company denies these charges specifically.

The evidence on record makes it perfectly clear that Sri A. K. Gupta was very much disgruntled by his transfer to the Head Office. He wanted to remain at the Aerodrome as he had a mind to sit for the Ground Engineer's Examination in April 1951. He wrote to the Labour Commissioner, but the Management did not revise its decision. As he was appointed on the recommendation of Sri Parmeswar, a top-ranking officer of a sister concern, he was not discharged. The General Manager asked Mr. Parmeswar to induce Sri A. K. Gupta to mind his work at the Head Office. Mr. Parmeswar contacted Sri Gupta and tried to persuade him to be attentive to his work at the Head Office. Mr. Parmeswar by his letter dated 23rd March 1951, informed the General Manager about the position. The management, however, found that Sri Gupta did not acquiesce in the position. He was found absenting from duties on various pleas. Mr. Chowdhury, his immediate superior, warned him with no results. So Mr. Chowdhury wrote to the Administrative Manager complaining against him on 5th May 1951. Sri Gupta was warned on 7th May 1951. The Time-keeper at Dum Dum reported that Sri Gupta was found in the main Hangar on 4th June 1951 and 5th June 1951. When he was confronted with the position he gave out that it was necessary for him to go to Dum Dum just to keep up contact with the aircrafts. The Management issued the charge-sheet on 28th June 1951. His service was terminated on 3rd

July 1951. Sri Gupta denied the charges by his letter, dated 2nd July 1951. The Management considered the matter against but did not revise its decision. Now the point is whether Sri A. K. Gupta was discharged wantonly with an eye to his trade union activities. The Union informed the Management of the formation of the Union on 14th March 1951. Sri Gupta's transfer to the Head Office was on 20th February 1951. It is argued by the learned Counsel of the Union that though the Company was formally intimated on 14th March 1951, it knew of the activities of the Union from before. But this is only a matter of surmise. The Union wrote to the Management on 22nd March 1951 pleading for Sri Gupta's retransfer to the Aerodrome. His Union activities are conspicuous by their absence in the said letter.

I have scrutinised the evidence in the present case. I find that Sri A. K. Gupta's conduct after his transfer to the Head Office towards the Company was such as could very well be taken exception to by any Company. For instance, in Ext. 5(*r*), Sri Gupta writes to the Administrative Manager that if he is not retransferred to the Skymaster's Section, he would be held responsible for all consequences arising from his becoming unsuccessful in the examination. This was on the 28th June 1951. Can any employee challenge the employer in such strong terms? Is this the language in which a prayer for favour should be couched? I am inclined to think that if he was not a nominee of Mr. Parmeswar, a top-ranking officer of the Birla concern, the Company would have discharged him long ago. In the letter Ext. 5(*n*), dated the 28th March 1951, Sri A. K. Gupta writes to the General Manager that he should be retransferred to Dum Dum after three months and that he should not be retransferred again in an out-station unless he desired so. Is this the manner in which an employee should address the General Manager? Does it not savour of impertinence? Transfer is made in the exigencies of service. That is entirely the Management's concern. It is for the employee in question to submit to it. He can make a prayer, but it should be perfectly submissive. It appears as if Sri Gupta and the General Manager exchanged their roles, so far as this correspondence went.

Next, I come directly to the charge-sheet—marked Ext. 5(*o*), dated 28th June 1951. Exts. F(*6*), F(*7*) and F(*8*), show that Sri A. K. Gupta first availed himself of the casual leave and then made application for the same. This is certainly not regular. So, considering the matter in all its bearings, I do not think that Sri A. K. Gupta was discharged merely for his Union activities. The Company found him disgruntled and negligent about his duties at the Head Office. He had his heart at Dum Dum Aerodrome. As he could not listen to the Company's advice, the Company had no choice but to discharge him. So, though he was a Union leader, he cannot be reinstated. The Union leaders, as such, do not carry any indemnity. All that the Tribunal will see is whether the Company wantonly punished Sri A. K. Gupta with an eye to his Union activities. So I do not interfere with the order of discharge in the case of Sri A. K. Gupta.

Sri G. C. Acharjee, Sri B. K. Bagchi, Sri D. C. Chakraborty, and Mr. George Verkey.—(2) Next I consider the cases of dismissal of Sri G. C. Acharjee, Sri B. K. Bagchi, Sri D. C. Chakraborty and Mr. George Verkey. They were discharged in connection with the suspension order of Durwan Sri G. P. Tewari. They are said to have collected during duty hour within the Factory and demanded why suspension order on the Durwan Gaya Prasad Tewari should not be cancelled. They stopped work during duty hours and refused to take the charge-sheets, when offered. The Deputy Chief Engineer and Mr. B. L. Shah, the Superintendent, were mobbed as above. They were asked to return to their duties by the Deputy

Chief Engineer and to come to him again at 5 p.m. so that the matter might be discussed. Only Durga Das accepted the charge-sheet; others refused though it was sent through the Peon's Book. Then registered letters were issued to them. They also came back refused. So they were discharged. Now, the point is whether their conduct was justified. On the 11th September 1951, a charge-sheet was issued against the Durwan Gaya Prasad Tewari when he was found leaving his place of duty and talking to another Durwan in a different place. He was suspended for a day on 18th September 1951. This incident took place on 19th September 1951. Sri B. K. Bagchi, P.W. 3, admits that he met the Administrative Officer and Deputy Chief Engineer where they were working and wanted to talk the matter with him. There was a discussion again at 5 p.m. when the matter is said to have been settled. He says that he refused to receive the registered letter as he was told that the matter was already settled. Firstly, I consider that these employees were in the wrong to confront the Administrative Officer and the Deputy Chief Engineer with the case of suspension of the Durwan during duty hours. The Durwan was suspended only for a day. So the matter was not of so much vital importance to them as to leave their work and to take it up instantly with the authorities. That was certainly overdoing. To add to it, when the charge-sheet was sent by the Peon's Book and, later on, by the registered cover, both were refused. This certainly shows that they were out to stand up against the order of the authorities. This in itself is indiscipline even if the matter was settled. There can be no justification for refusing these letters. So the employer could very well take exception to their conduct and pass a dismissal order. I do not think that the dismissal order was with an eye to their Union activities. It is they who gave provocation for this particular step. The employer did not do it wantonly. If discipline is broken, the Tribunal cannot weigh the punishment and mitigate it. So I refuse to interfere with the discharge order on Sri G. C. Acharjee, Sri B. K. Bagchi, Sri D. C. Chakraborty and Mr. George Verkey. Durga Das was one of them and was guilty of the same offence. But he received the charge-sheet and submitted an explanation. He was excused. That shows that the Company was not actuated by any ulterior motive to punish these men.

Sri Soven Bose, Sri F. R. Barui, Sri Jit Bahadur Chatri, Sri B. D. Sen, Mr. Simon Kostak and Sri M. N. Bose.—(3) Regarding Sri Soven Bose, Sri F. R. Barui, Sri Jit Bahadur Chatri, Sri. B. D. Sen, Mr. Simon Kostak and Sri M. N. Bose, they are all said to be temporary. They were discharged because their work was not found to be satisfactory before their confirmation. Regarding Sri Soven Bose, Exts. 5(*z*)(*9*) to 5(*z*)(*12*) are relevant. Regarding Sri F. R. Barui, Exts. 4, 5(*z*)(*18*) and 5(*z*)(*19*) are relevant. Regarding Sri Jit Bahadur Chatri, Exts. 5(*z*)(*22*) and 5(*z*) (*23*) are relevant. Regarding Sri B. D. Sen, Ext. 5(*z*) (*31*) is relevant. Regarding Sri M. N. Bose, Exts. 5(*z*)(*28*), 5(*z*)(*30*) and 6(*e*) are relevant.

I have classed the cases of all these persons together because they have all been discharged before their confirmation and because they are all said to be holding their jobs in temporary capacity. It is the contention of the Company that it can very well discharge a temporary worker before his confirmation if he is found unfit or inefficient. The Union, on the other hand, contends that the Company purposely delays the confirmation so that it may discharge any man at its sweet pleasure during the long period. As a safeguard against such capricious conduct of the Company, the Union suggests that the period of probation or the period anterior to confirmation must be limited to a resonably short period and that confirmation must come, more or less, as a matter of course. I have already made

my observation as to what extent the period of probation or unconfirmed service should be limited. But even while discharging a temporary man, I am inclined to think that the employer must make out a good case for discharge. If the employer fails to substantiate the position taken, then the allegation of victimisation for Union activities will sit tight on his shoulder. It is in evidence that all these people, though holding temporary service, were members of the Union. But if the Company can justify the case of discharge, then this allegation of victimisation will not go far. Mere membership of a Union is not very much significant. The Union activities of the particular member must be such as are likely to incur the displeasure of the Company or may make him an eye-sore. In such circumstances, the Company may be induced to get rid of him. It often happens that most of the members serving under the Company subscribe to the Union. That can never mean that the employer's right to retrench the staff has been curtailed or that every case of retrenchment is exposed to the charge of victimisation for Union activities. This matter has been discussed in all its bearings by the Hon'ble Appellate Tribunal in the Backingham & Carnatick Co., Ltd., case. Let me, however, discuss the cases individually and see whether the evidence justifies the dismissal.

(*a*) Regarding Soven Bose, I find from the remark in the margin of Ext. J that he was appointed on trial on 19th October 1950. Ext. J(*1*) shows that he wanted to be confirmed and Ext. J(*2*) shows that he was discharged with effect from the 21st July 1951, because his work was not found to be satisfactory. As he was appointed on trial, it was in the discretion of the Company to discharge him if his work did not come up to satisfaction. So I am not in a position to interfere with the order of discharge in his case.

(*b*) Regarding Sri F. R. Barui, we get from Ext. 5(*z*) (*18*)—the discharge order—that his service has been terminated with effect from the 22nd September 1951, as his service was not satisfactory during the trial period. His contention appears under Ext. 5(*z*)(*19*). He contends that he was verbally told at the time of his appointment that his trial period was limited to two weeks. He claims that his trial period could never extend to 7 months and he is not liable to be discharged. There is nothing in writing to show that Sri F. R. Barui was appointed on a trial for two weeks only. So I am not prepared to accept his version of the story. Had it been so, he would have asked for confirmation after the expiry of two weeks. So I fail to see how he could be led to believe that he had been confirmed after two weeks though there was no letter to that effect. As before, I find that the Company could terminate the service of this temporary worker appointed on a trial basis if his work did not come up to its satisfaction. The contention of victimisation seems to be rather hollow. There is no evidence to support it. So I refuse to interfere with the order of discharge.

(*c*) Regarding Sri Jit Bahadur Chatri, I find from the remarks in Ext. H that he was appointed on test. Ext. H(*1*) shows that he was discharged because his work was not found satisfactory during the probationary period. As he could not be confirmed, the discharge order does not appear to be unjustified. So I uphold the said order.

(*d*) Regarding Sri B. D. Sen, I find from Ext. J(*1*) that he was appointed as an apprentice. It is distinctly stated that his apprenticeship does not place the Company under any obligation whatsoever to offer him salaried employment at any time. Ext. J(*2*) is his discharge order. It shows that his apprenticeship period extended over one year and the

Company regretted that it could not be further extended. The order does not appear to be unfair or uncalled for. So I refuse to interfere with the said order.

(*e*) Regarding Mr. Simon Kostak, I get from Ext. K(7) that his service has been terminated on 2nd November 1951 for his absenting himself from duty without notice from the 11th October 1951 to the 29th October 1951. This is in conformity with the Standing Orders. So where is the impropriety of the order of discharge? I refuse to interfere.

(*f*) Regarding Sri M. N. Bose, I get from Ext. K(*9*) that he was appointed as a temporary Cleaner. He was discharged with effect from 27th October 1951. Ext. K(*10*) shows that he was appointed with effect from 18th August 1951, purely on a temporary basis. The ground of his discharge is that his service is no longer required. Now, if a man is appointed on a temporary basis for a particular purpose and if his service is no longer required, then the Company cannot be blamed for termination of his service. The allegation of victimisation is far from being proved. So I refrain from disturbing the order of discharge in this case.

Sri Deo Narayan Dubey.—(4) Now I deal with the case of dismissal of Sri Deo Narayan Dubey on a charge of theft or pilfering of petrol from the Company's car. From Ext. J(*3*) it appears that on the 29th August 1951 the driver Deo Narayan Dubey took out his vehicle for supply of petrol at Messrs. W. Leslie (Motors), Ltd. At the time he took out the vehicle there is said to have been 3/4th gallon of petrol in the tank. Several hours after he returned the quantity of petrol was measured in the tank and it was found that there was only 5¼ gallons of petrol in the tank whereas there should have been 6¾ gallons after taking supply of 6 gallons. So there were a shortage of petrol of 1½ gallons in the tank. This was the charge against him. Ext. J(*4*) is his explanation. He contends that before the vehicle was taken out the quantity of petrol in the tank was measured by dipping a dip stick. Later on it was also measured by means of a dip stick. The dip stick may be faulty and the car was in a slanting position when the measurement took place. So the driver is said to have asked Mr. P. B. Lal to either take out the tank for correct reading or to measure the petrol with the dip stick by taking the car to a level place. But Mr. P. B. Lal refused to do either. He was discharged. When I inspected the place locally in the present of the lawyers of both sides I found that the petrol in the vehicles is measured when they are placed at one end of the road which is a little slanting from the rest. So the measurement by dipping a dip stick may not be accurate. But it may be argued at petrol was measured before it was taken out and after its return at e same place of the road. That might be true. But so far as the total uantity of petrol is concerned, the measurement is not accurate. There is also some force in the contention that the measuring apparatus at Messrs. Leslie (Motors), Ltd., might also give a defective reading or short supply. The vehicle was kept there for hours when the driver in question was in the garage wherefrom the vehicle could not be seen. So the petrol might have been stolen by other people without his knowledge. There is no evidence to show that a thorough investigation was made in this case. There is nothing to show that there was any witness who had seen this driver either to take a short supply or to remove the petrol from the vehicle. So the entire matter is still shrouded in mystery now as it was then. The Administrative Officer should have held and investigation into the case. But that he did not. All that the evidence shows here is that Messrs. Leslie (Motors), Ltd., is said to have discharged one of its employees for foul play. This report was sent long afterwards on requisition by this Company. So there is a good deal of suspicion which can

attach to such a report. Besides, there is no evidence to connect this driver with the employee of Messrs. Leslie (Motors), Ltd., whom the latter Company has discharged. So I am inclined to think that the discharge in the present case seems to be more or less wanton or there is a saviour of caprice of the authorities in this matter. In this context there is some force in the allegation of the Union that the Company could not have been so harsh but for the fact that this man did subscribe to the Union. Whatever it is, it is clear that the discharge in the present case cannot be justified. If the driver would be found at fault, then I would not have questioned the propriety of the sentence. But as I find that except the allegation there is no proof or even strong suspicion against this driver, the discharge by the Company must be held to be unjustified and, as such, *mala fide*. To discharge a man on suspicion is never consistent with social justice, nor does it answer the requirements of social justice. So I set aside the order of discharge against this driver Sri Deo Narayan Dubey on 31st August 1951. I order his reinstatement to his former job on his previous salary. If that job is not vacant, an equivalent job must be found for him with equal pay and prospects. The reinstatement must be effected within one month of the award coming into operation. If the man does not turn up for reinstatement within this period his claim for reinstatement will lapse. If the Company fails to reinstate him, then he will be entitled for the purpose of section 20 of the Industrial Disputes (Appellate Tribunal) Act, 1950, to four months' salary and dearness allowance last drawn as compensation. Besides the above, his period of forced unemployment from 31st August 1951 up to the date of his reinstatement or up to one month from the award coming into operation, whichever is earlier, will be treated as leave on half basic pay last drawn without allowance as compensation. This amount also must be paid to him within one month of the award coming into operation.

Janab Sk. Idu.—(5) Regarding Janab Sk. Idu, the charge against him is dated 22nd September 1951, marked Ext. 5(*z*)(*16*). It purports to say that Sk. Idu bent a pipe line which was specially imported from America. He mutilated it beyond repair. As a result of this the Company has been put to serious inconvenience and loss. He did it without any instruction. So his service was terminated. Idu gave an explanation—Ext. I—and after his discharge he gave a further explanation—Ext. I(*1*). His contention was that Mr. B. R. Rao asked him to bend a particular pipe in a certain shape and he showed him the sample of it but did not give the actual pipe. As he entered into section he saw a length of pipe and took it to be the pipe which Mr. Rao had sent to him. So in his attempt to bend it he broke it down. This was practically repeated in his explanation Ext. I(*1*), dated the 24th September 1951. But in his deposition before me he distorts this version and twists it to his purpose. He says that on 22nd September 1951, he was given a pipe to bend. As he was going to bend it, it broke down. He showed it to the Engineer. The Engineer said that he must put in writing that he committed a mistake in which case no action would be taken against him. He wrote down as directed. After one hour he got the discharge order. He was given no charge-sheet. This version materially differs from the version he has given in writing before the Company. Mere cursory glance at the two will show it. So I must take it that either he lied before or he is lying now. During my local inspection in the presence of the lawyers of both sides I saw the pipe which was again imported from America. I also saw the pipe that a mechanic ordinarily handles. It was really difficult for a layman, perhaps even for a mechanic to mistake the one for the other, unless he is rather careless. It may be that Sk. Idu did not do any intentional damage to the Company's property. His mistake might have been

bona fide. But there is no gainsaying the fact that he was careless. If the Company does not like to retain him in service where delicate parts of aircrafts are handled, can the Company be blamed? The learned Counsel on behalf of the Union refers to the certificate which the Company gave to Sk. Idu after his discharge. This is marked Ext. 5(*z*)(*17*). This merely shows that the Company bears no illwill or grudge against Sk. Idu. Idu may have been efficient, but it is equally a fact that he was found careless at least on one occasion which has resulted in great loss to the Company. In the state of things I am not prepared to disturb the order of discharge passed by the Company on Sk. Idu. The order might have been a little hard, but the Tribunal should not interfere with the order of the Company merely on the ground of its being hard. So the order of discharge on Sk. Idu stands.

Janab Golam Mahammad.—(6) This relates to the dismissal of Janab Golam Mahammad. The charge-sheet against Janab Golam Mahammad is marked Ext. 5(*z*)(*32*). It is dated 7th November 1951. It alleges that on 5th November 1951 at 12 a.m. Janab Golam Mahammad took some outsider inside Hangar No. 2 without proper authority. He further tampered with the Verey Signal Pistol with the result that it went off and damaged the aircraft. The aircraft narrowly escape being fully burnt. He was placed under suspension and asked for explanation within three days. His explanation is Ext. 5(*z*)(*33*), dated the 9th November 1951. He says that he saw that the button of the strap of the pistol stowage inside the aircraft was left undone. He went to button it to prevent its falling down. He put pressure by his thumb and the trigger worked and the accident happened. He did not know that the pistol was loaded which was rather unusual. If he had used the pistol, then the damage would not have been in the direction it occurred. The stowage bag also pierced at the barrel end of the pistol. The explanation was not accepted by the Company and he was discharged. From Ext. 5(*z*) (*34*), which is a final report under section 173, Cr. P. Code, I get that during investigation it was found that Golam Mahammad along with Sk. Ahammadali entered into the aircraft in question. Sk. Ahammadali was an outsider and the area was a protected one. Accused Golam Mahammad was seen to show the machine to accused Ahammadali inside the aircraft. During this movement and demonstration the pistol went off and the aircraft was damaged. Ahammadali managed to escape. He was arrested later on but was discharged for want of evidence. Janab Golam Mahammad was found by the Company guilty of two offences, viz., (1) to take an outsider within a protected area without permission and (2) to fire a pistol and to damage the aircraft. I have been shown nothing which serves to mitigate the offence in the particular case. It could not be shown that Golam Mahammad took the outsider with proper pass. Even if he had done so, he should not have fired the pistol. A pistol, after all, is a dangerous weapon and must not be lightly handled. That the cover of the pistol was pierced has not been shown before me. I saw the aircraft during local inspection. I found that the side of the aircraft that was damaged lay opposite to that side which would be fired at if the pistol was kept hanging in its position. So it appeared to me that the pistol was taken in hand and fired. Janab Golam Mahammad certainly did not know that it was loaded. But that is hardly an extenuating factor. So I do not find that the Company was wrong in dismissing such a man. At all events, I do not think that the order of dismissal in the present context is such as can be disturbed by the Tribunal. The Company might have given lesser punishment, but that is no concern of the Tribunal. I am satisfied that the order of dismissal was not actuated by any ulterior motive of the Company other than the offence alleged. So the order of dismissal stands.

Sri Parmanand Jadav, Sri Mati Chand Seth, Sri Sew Prasad Upadhyaya and Sri Murlidhar.—(7) This relates to the case of four loaders—Sri Parmanand Jadav, Sri Mati Chand Seth, Sri Sew Prasad Upadhyaya and Sri Murlidhar. Ext. 5(*z*)(*26*), dated the 1st October 1951, is the explanation which these loaders had given. Ext. 5(*z*) (*27*), dated the 18th October 1951, is a letter written by General Secretary of the Union to the Labour Commissioner. Mr. Sarma, the Officer-in-Charge, is said to have dismissed these people for their refusal to unload raw hides from the aircrafts. They pleaded that there were 'Chamar' Muslims for this particular job and as high caste Hindus, their religious susceptibilities would be touched to handle such raw hides. In the letter of the General Secretary of the Union, it is said that these people never in the past handled hides and skins for which there were other people. It was on 25th September 1951 that they were suddenly asked to do this. It is contended by the learned Counsel on behalf of the Union that under the Constitution of India no man can be forced to do anything against his wish which wounds his religious susceptibilties. The Company's stand is that since they were appointed as loaders, they cannot discriminate among the things to be unloaded. The Company has not denied that it does not have any "Chamar" Muslims for the purpose as the Union has alleged specifically. So it appears that it was rather despotic on the part of Mr. Sarma to insist upon the raw hides being unloaded by these few Hindus. So to discharge them on this ground seems to be rather much too hard. If they had not special class of employees for this purpose, I might have understood the stand taken up by the Company. But in the present context the dismissal seems to be actuated by other consideration or was absolutely whimsical. Simply because a man is in one's service, that does not mean that he can be forced to do anything one likes. The Union contends that they did not handle raw hides before. There is no contradiction on that score as well. So I am inclined to think that the discharge order in the present case is *mala fide* and against social justice. The learned Advocate on behalf of the Company lays too much stress on the contract of service. But the Industrial Tribunal can go beyond the contract of service if social justice does demand it. So, in the present case, I set aside the order of dismissal on these four loaders. This was a summary dismissal. I order that they be reinstated within one month of the award coming into operation. If they do not turn up for employment within this period, then their right to reinstatement will lapse. If the Company fails to re-employ them within this period, then these employees will be entitled to compensation for four months with full pay and allowances last drawn. The period of forced unemployment from the 18th October, 1951 up to the date of reinstatement or up to one month of the award coming into operation, whichever is earlier, will be treated as leave on half basic pay minus allowances. The amount of compensation referred to above will be payable within one month of the award coming into operation. These employees should get back their former job or equivalent job with equal pay and prospects.

22. This disposes of the entire issue on the matter of discharge.

By order of the Governor,

D. P. BANERJI,

Provincial Defence Co-ordination Officer & Dy. Secy. to the Govt. of West Bengal (*ex-officio*).

Physical condition for admission to the Prince of Wales's Military Col

1. To be passed as fit for admission to the Prince of Wales's Military College, a candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with the efficient performance of military duty.

2. A standard for height and chest measurement and physical development cannot be laid down, but the candidate should not be below the average for his age and race.

3. The candidate's height will be measured as follows:—

He will be placed against the standard with his feet together, and the weight thrown on the heels and not on the toes or outer sides of the feet. He will stand erect without rigidity and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters.

4. The candidate's chest will be measured as follows:—

He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder-blades behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted. The minimum and maximum will then be recorded. In recording the measurements, fractions of less than half an inch should not be noted.

5. The candidate will also be weighed, and his weight recorded in pounds. Fractions of a pound should not be noted.

6. The examination for determining the acuteness of vision includes two tests; one for distant, the other for near vision. The Snellen's types should be used for the test for distant vision, without glasses at a distance of 20 feet, and for the test for near vision without glasses, at any distance selected by the candidate. The standards of the minimum acuteness of vision with which a candidate will be considered fit are:—

Better eye.	Worse eye.
Distant vision—V-6/6.	Distant vision not below 6/60. After correction with glasses not below 6/18.
Near vision reads 0·6.	Near vision reads 0.6.

Each eye must have a full field of vision as tested by hand movements.

Squint or any morbid condition of the eyes or of the lid of either eye liable to the risk of aggravation or recurrence will cause rejection of the candidate.

Each eye will be examined separately. The candidate will be required to read the tests in ordinary daylight.

Inability to distinguish the principal colours will not be regarded as cause for rejection but the fact will be noted in the proceedings and the candidate informed. No relaxation of the standard of vision will be allowed.

7. The following additional points will then be observed:—

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is—

(a) to give effect to some of the urgent, clarificatory and beneficial provisions contained in the comprehensive Income-tax Amendment Bill (Bill No. 56 of 1951), which was introduced in June last year and which has now lapsed;

(*b*) to give effect to some further concessions to Industries;

(c) to make certain amendments which have become necessary owing to some recent judicial decisions, and in the light of the experience gained in the working of the Act; and

(d) to make certain amendments so as to bring the law in line with the practice and with the administrative changes already made or under contemplation.

2. A comprehensive Income-tax (Amendment) Bill including, amongst others, such recommendations of the Income-tax Investigation Commission as had been accepted by Government was introduced in June last year, but it could not be taken up for consideration in the subsequent sessions of Parliament owing to pressure of other urgent business. That Bill has now lapsed, and in any case its provisions would have required detailed examination in the light of the comments received from various quarters. Meanwhile, it has become necessary to introduce a shorter Bill containing the amendments described above.

3. The notes on clauses explain the object underlying each of the amendments contained in the Bill.

NEW DELHI;
The 13th May, 1952.

M. N. KAUL, Secy.

The following Bill was introduced in the House of the People on 16th May, 1952:—

BILL No. 33 OF 1952.

A Bill to regulate the profession of notaries.

BE it enacted by Parliament as follows:—

1. **Short title, extent and commencement.**—(*1*) This Act may be called the Notaries Act, 1952.

(*2*) It extends to the whole of India except the State of Jammu and Kashmir.

(*3*) It shall come into force on such date as the Central Government may, by notification in the Official Gazette, appoint.

2. **Definitions.**—In this Act, unless the context otherwise requires,—

(*a*) "India" means the territories to which this Act extends;

(*b*) "instrument" includes every document by which any right or liability is, or purports to be, created, transferred, limited, extended, extinguished or recorded;

(*c*) "legal practitioner" means an advocate, vakil or attorney of the Supreme Court or of any High Court, or a pleader practising in any subordinate civil court;

(*d*) "notary" means a person appointed as such under this Act:

Provided that for a period of one year from the commencement of this Act it shall include also a person who, before such commencement, was appointed a notary public either under the Negotiable Instruments Act, 1881 (XXVI of 1881), or by the Master of Faculties in England, and is, immediately before such commencement, in practice in any part of India;

(*e*) "prescribed" means prescribed by rules made under this Act;

(*f*) "Register" means a Register of Notaries maintained by the Government under section 4;

(*g*) "State Government", in relation to a Part C State, means the Lieutenant Governor, or, as the case may be, the Chief Commissioner.

3. **Power to appoint notaries.**—The Central Government, for the whole or any part of India, and any State Government, for the whole or any part of the State, may, on such conditions, if any, as it thinks fit, appoint as notaries any legal practitioners or other persons who, in its opinion, are duly qualified to discharge the functions of notaries under this Act.

4. **Registers.**—(*1*) The Central Government and every State Government shall maintain, in such form as may be prescribed, a Register of the notaries appointed by the Government and entitled to practise as such under this Act.

14. Power to make rules.—(*1*) The Central Government may, by notification in the Official Gazette, make rules to carry out the purposes of this Act.

(*2*) In particular, and without prejudice to the generality of the foregoing power, such rules may provide for all or any of the following matters, namely:—

(*a*) the form and manner in which applications for appointment as a notary may be made and the disposal of such applications;

(*b*) the certificates, testimonials or proofs as to character, integrity, ability and competence which any person applying for appointment as a notary may be required to furnish;

(*c*) the fees payable for appointment as a notary and for the issue and renewal of a certificate of practice, and exemption from such fees in specified classes of cases;

(*d*) the fees payable to a notary for doing any notarial act;

(*e*) the form of Registers and the particulars to be entered therein;

(*f*) the form and design of the seal of a notary;

(*g*) the manner in which inquiries into allegations of professional or other misconduct of notaries may be made;

(*h*) the acts which a notary may do in addition to those specified in section 8 and the manner in which a notary may perform his functions;

(*i*) any other matter which has to be, or may be, prescribed.

15. Repeal.—Chapter XVII of the Negotiable Instruments Act, 1881 (XXVI of 1881), is hereby repealed.

STATEMENT OF OBJECTS AND REASONS.

Under section 138 of the Negotiable Instruments Act, 1881, the Government of India have the power to appoint notaries public, but only for the limited purpose of performing functions under that Act. By virtue of an ancient English Statute, the Master of Faculties in England used to appoint notaries public in India for performing all recognised notarial functions, but it is no longer appropriate that persons in this country who wish to function as notaries should derive their authority from an institution in the United Kingdom.

The object of the present Bill is to empower the Central and State Governments to appoint notaries, not only for the limited purposes of the Negotiable Instruments Act, but generally for all recognised notarial purposes, and to regulate the profession of such notaries.

A Bill on the subject was accordingly introduced in the provisional Parliament on the 19th April, 1951 and referred to a Select Committee on the 18th August, 1951. The report of the Select Committee was presented on the 4th October, 1951, but the Bill could not be proceeded with in the last Session of Parliament for want of time and, therefore, lapsed. Apart from one or two minor drafting changes, the present Bill follows closely the Notaries Bill, 1951, as amended by the Select Committee.

3. On or about the 26th day of January 1952 the results of the said election were declared by the Returning Officer for the said Constituency and the respondent—Trailakya Nath Pradhan—was declared elected as a member to the Legislative Assembly of the State of West Bengal from the said Constituency having recorded 10,599 votes in his favour.

4. The said Returning Officer further declared that your petitioner had obtained 10,584 votes, that is to say only 15 votes less than that obtained by the respondent Trailakya Nath Pradhan.

5. Your petitioner states that the election of the respondent Trailakya Nath Pradhan was and/or is and should be declared void by reason of the facts stated hereinbelow, wherefrom it would appear that the said election from the said Constituency has been materially affected by *inter alia* the improper refusal of diverse valid votes duly cast by lawful voters of the said Constituency and/or by non-compliance with the provisions of Act XLIII of 1951 (Representation of People Act, 1951) and/or Act XLVIII of 1950 (Representation of People Act, 1950) and/or the Rules relating to the said election and/or by a mistake in the use of the prescribed forms.

6. Your petitioner further states that it will also appear from the facts to be stated hereinafter that not only was the election of the said Trailakya Nath Pradhan void, but that in fact your petitioner had received a majority of the valid votes cast at the said election from the said Constituency.

7. In the premises your petitioner states that after declaring the election of the said Trailakya Nath Prodhan to be void, it should further be declared that your petitioner had been duly elected by reason of the facts stated hereinbelow:—

Facts showing why the election of the respondent Trailakya Nath Pradhan was and/or is void and why your Petitioner should be declared to have been elected:

(*a*) On or about the 20th January 1952, *i.e.*, the day prior to the date of polling at the said Constituency one Sri P. N. Sircar, the Presiding Officer of Polling Station No. 45 (situated at Kadua U. P. School, Kadua) of the said Constituency received from the Returning Officer for the said Constituency 1,030 ballot papers the borders whereof were coloured chocolate being ballot papers Nos. $\frac{A}{8}$ 314751 to $\frac{A}{8}$ 315780 and 1030 Ballot papers the borders whereof were coloured green being Ballot papers Nos. $\frac{A}{8}$ 369311 to $\frac{A}{8}$ 370340. After receiving the said 2060 Ballot papers the said Presiding Officer of the said station No. 45 of the said Constituency accepted the same and in acknowledgment thereof put his signature on the Distribution Register of Ballot papers in respect of the said Constituency, Station No. 45 (Kadua).

(*b*) On the 21st January 1952, *i.e.*, on the polling day for the said Constituency the said Presiding Officer for the said Station No. 45 distributed and/or caused to be distributed the said green bordered ballot papers bearing proper serial numbers and distinguishing marks to the voters who had come to cast their votes in favour of the candidates who stood for election for membership of the Legislative Assembly of the State of West Bengal and the said chocolate bordered ballot papers to the voters of the said Constituency who had come to vote for the election of a candidate to the House of the People.

(*c*) The said distribution of the said ballot papers in the manner aforesaid was carried out through out the day at all hours when polling was held at the said Station No. 45 of he said Constituency.

(*d*) Accordingly each and every voter who had come to cast his or her vote at the said Station No. 45 of the said Constituency for election of a member to the Legislative Assembly of the State of West Bengal was given

one of the said green bordered ballot papers by the said Presiding Officer and/or the persons working under his direction and supervision and each and every ballot paper that was put into the ballot boxes of the respective candidates for election to the Legislative Assembly, State of West Bengal, from the said Constituency at the said Station No. 45 contained only the said *green bordered ballot papers* which bore the proper serial numbers and distinguishing marks.

(*e*) Similarly for the election of a member to the House of the People from the said Constituency the said *chocolate bordered ballot papers* were distributed and used and each and every ballot box of the respective candidates for Membership to the House of the People contained the said chocolate bordered ballot paper.

(*f*) On or about the 26th January 1952 while counting of votes polled by each of the candidates for the election of a Member to the Legislative Assembly of the State of West Bengal from the said Ramnagar Constituency was going on, various ballot boxes from the said Station No. 45 were opened. It was found that the said ballot boxes of all the candidates including the ballot box of the respondent Trailakya Nath Pradhan and your petitioner contained the said green bordered ballot papers.

(*g*) The said ballot papers in the said Station No. 45 were then counted and the result of the said counting was and is as follows:—

	Votes.
(1) Your petitioner	140
(2) Respondent Trailakya Nath Pradhan ...	110
(3) Respondent Hemanta Kumar Das ..	102
(4) Respondent Satish Chandra Kundu ..	20

(*h*) Your petitioner states that the Returning Officer for the said constituency however, in spite of the said facts being placed before him refused to take into account the said votes cast at the said Station No. 45 on the plea that the said green bordered ballot papers were meant for the use of the voters for election to the House of the People.

(*i*) Your petitioner states that the said contention of the said Returning Officer was and is wrong as will be apparent from the fact that at the time of the counting of the votes of the candidates for election to the House of the People from the said Constituency the chocolate bordered ballot papers used at the said Station No. 45 were taken into account and counted. Your petitioner further states that the said green bordered ballot papers were lawfully used at the said Polling station for the said election of a Member to the Legislative Assembly of the State of West Bengal and they bore the correct and proper serial numbers and distinguishing marks.

(*j*) Your petitioner states that the said Returning Officer should have taken the said green bordered Ballot papers used and aforesaid at the said Station No. 45 into account and counted the same and thereafter should have declared your petitioner to have been duly elected from the said Constituency to the Legislative Assembly of the State of West Bengal.

(*k*) Your petitioner states that in the premises your petitioner has received a majority of the valid votes cast at the said election and inasmuch as the said election has been materially affected as aforesaid the election of the respondent Trailakya Nath Pradhan, should be declared void and your petitioner declared duly elected.

8. Your petitioner has deposited a sum of Rs. 1,000 with the Reserve Bank of India in favour of the Secretary to the Election Commission as security for the costs of this his petition and a Reserve Bank receipt for the said deposit is annexed hereto and/or enclosed herewith.

Your petitioner in the premises prays for an order:—

(*a*) That the election of the respondent Trailakya Nath Pradhan is void and your petitioner has been duly elected.

(*b*) That such further or other order may be made as may be deemed fit and proper.

Shri Niharendu Dutt-Mazumder ... *Petitioner,*

versus

(1) Shri Sudhir Chandra Bhandari
(2) Shri Amiya Mandal
(3) Shri Tejendra Kumar Basu
(4) Shri Sudhir Mukhoti
(5) Shri Nagendra Nath Paul
(6) Janab Munsif Ali Molla *Respondents (Nominated candidates).*

The humble petition of Shri Niharendu Dutt-Mazumdar, son of Shri Nirode Dutt-Mazumdar of 7, Mayfair Road, Ward No. 19, police-station Karaya, P.O. Ballygunge, Calcutta-19.

MOST RESPECTFULLY SHEWETH:—

1. That the petitioner was an elector being voter in Volume No. IV, Part A, Original Roll, Serial No. 22, Part E, Further Addenda and Corrigenda, Serial No. 1, A-22 of the electoral roll for Beniapukur-Ballygunge Assembly Constituency in West Bengal.

2. That the petitioner was a candidate for Moheshtala Assembly Constituency in the Subdivision Sadar, District 24-Parganas, in the last General Election.

3. That in pursuance of notification made under the Representation of the People Act, VI of 1951, candidates whose names appear as Respondents in this petition also filed their nomination papers and were nominated as candidates at the election in the above constituency, viz., Moheshtala Assembly Constituency, for the Legislative Assembly of the State of West Bengal to be constituted in 1952 according to the provisions of the Constitution of India.

4. That the nomination paper of Sri Amiya Mandal, Respondent No. 2, purports to have been proposed and seconded by Sri Kumud Chandra Bandopadhay (Banerjee), an elector, *i.e.*, voter No. 257 of Mauza Meheshtala, Union Moheshtala, police-station Moheshtala, and Sri Sishir Kumar Bandopadhya (Banerjee), an elector, *i.e.*, voter No. 1125 of Mauza Moheshtala, Union Moheshtala, police-station Moheshtala, but the signatures in the said nomination paper purporting to be those of the said persons as proposer and seconder are not genuine in so far as they are not the signatures made by those persons and as such the said nomination paper is liable to be cancelled and should have been rejected.

5. That a criminal case instituted by the aforesaid Sri Kumud Banerjee in the Court of the Subdivisional Magistrate, Alipore, 24-Parganas, on 9-1-52 (being Case No. C. 75 of 1952) disclosed the fraud that was practised in respect of the signatures of the said persons as proposer and seconder.

6. That certified copies of the petition of complaint and statement of solemn affirmation, the order sheet and an affidavit sworn by Sri Kumud Banerji and Sri Sishir Banerjee are filed herewith in support of the statement in paragraph 4.

7. That the said candidate Sri Amiya Mandal, Respondent No. 2, polled 3,334 votes (whereas the petitioner Niharendu Dutt-Mazumdar polled 6,451), and Respondent No. 1, Sri Sudhir Chandra Bhandari polled 6,614 votes and Respondent Sri Sudhir Chandra Bhandari was declared as elected, and that the result of the election has been materially affected by the improper acceptance of the nomination paper of Sri Amiya Mandal, Respondent No. 2.

8. That there were 67 polling booths in the different polling stations in the Mahestala Assembly Constituency including 2 booths at the polling centre known as Panchur F. P. School and the Polling Officer and the Polling Agents of the candidates were duly appointed for those 2 booths. Eight hundred votes were announced to be polled at each of these two booths

as notified, *i.e.*, votes No. 1—800 at booth No. 1 and 801—1,600 at booth No. 2, and sufficient number of ballot boxes were also allotted for each of these booths, *i.e.*, 7 boxes for the 7 candidates as provided in rule 19 of the Representation of the People (Conduct of Election and Election Petition) Rules, 1951. No notice was published for the amalgamation or abolition of any of the two booths at any time.

9. That for the first time on the date of counting it was discovered that in place of 67 ballot boxes for each candidate there were 66 boxes (and it was said to have been due to the amalgamation of the two booths).

10. That this shortage could be accounted for either by way of abolition of 1 booth or by amalgamation of 2 booths into one and if any such thing was done, it was done without the previous approval of the Election Commissioner and/or without any notice to the petitioner or his Election Agent.

11. That many of the voters had to go away either on account of the rush of voters in one booth and/or on account of their failure to locate the place where to cast their votes on account of the illegal closure of 1 booth without any notice to the voters, etc.

12. That out of 1,600 votes to be polled at this polling station of Panchur F. P. School, less than 50 per cent. votes were polled.

13. That it was noticed at the time of counting that as much as 289 ballot papers which were issued remained unaccounted for and this is significant in view of the difference of only 163 votes as mentioned in foregoing paragraphs but the letter No. 23/9/51-Elec.-II, dated 24th March 1952, from the Secretary, Election Commission, India, shows that 297 ballot papers remained unaccounted for.

14. That it was also noticed at the time of counting that the ballot boxes of Sri Sudhir Chandra Bhandari, who has subsequently been declared as duly elected, included one box which was unlike all other boxes of the different candidates and this box was a round long old type post box pattern. This was the only box of its kind and this unusual type of box was not noticed before by the Polling Agents of the petitioner and the attention of the Returning Officer was drawn to it by a petition, dated 25th January 1952, at the time of counting, a copy of the reply received from the Secretary, Election Commission, India, as mentioned in paragraph 13 is filed herewith.

15. Furthermore, some days before the day of counting one ballot box was noticed by some persons lying in a broken condition within the jurisdiction of this Constituency at Maheshtala and the local police took charge of the said box.

16. That the petitioner has deposited Rs. 1,000 only as required under Election Rules with the Government Treasury at Alipore, 24-Parganas, and the receipt is filed herewith.

17. That having regard to the method adopted by the Returning Officer at the time of counting it was not possible to ascertain which ballot box contained how many ballot papers and the number of ballot papers contained in this unusual box could not therefore be known nor were the contents of each box kept separate.

18. That the counting took place in a manner and under conditions which did not preclude the possibility of any foul play or causing disappearance of some of the ballot papers and the Election Agents or the Counting Agents had to remain far away from the actual places of counting.

19. That the Counting Agent of the petitioner had no opportunity to see and examine the seals of the boxes of the candidates other than the candidate for whom the Agent was appointed and in this case the Counting Agent of the petitioner was prevented by the Returning Officer from examining the seals of the ballot boxes of Respondent No. 1.

20. That the result of the Election has been materially affected for the reason stated above and for other causes.

21. That the Return of Election Expenses filed by the returned candidate Sri Sudhir Chandra Bhandari is not according to law in as much as it does not disclose expenses actually incurred.

The petitioner, therefore, prays—

(*a*) That a declaration may be made under Section 84 of the Representation of the People Act, 1951, to the effect that the Election of the Returned Candidate Sri Sudhir Chandra Bhandari is void;

(*b*) That the petitioner who obtained the next largest number of votes be declared as duly elected, or

(*c*) That the Election is wholly void.

Verification.

I, Sri Niharendu Dutt-Mazumdar, son of Sri Nirode Dutt-Mazumdar, of 7, Mayfair Road, police-station Karaya, Calcutta-19, the petitioner hereby declare that the facts set forth in paragraphs 1, 2, 3, 8, 10, 15, 16, 20 are true to my knowledge and the facts set forth in paragraphs 4, 5, 6, 7, 9, 11, 12, 13, 14, 17, 18, 19, 21 are true to my information and I verily believe the same to be true and I sign this verification this day, the 19th day of April, 1952, at Calcutta.

The humble petition of Nrisinha Kumar Sinha, the Petitioner abovenamed, most respectfully.

SHEWETH :—

1. That the West Bengal Legislative Assembly Constituency of Burwan-Khargram (No. 45) hereinafter called the Constituency in the district of Murshidabad in the State of West Bengal, was duly called upon to elect two members in accordance with the provisions of the Representation of the People Act, 1951 (Act XLIII of 1951) hereinafter called the Act, at the First General Election of members of the West Bengal Legislative Assembly hereinafter called the Assembly, under the Constitution of India, of said two seats to be filled in by election by the said Constituency, one was reserved for the Scheduled Castes of West Bengal.

That pursuant to the notifications under the said Act in respect of the said election of members by the said Burwan-Khargram Constituency, the following persons including your petitioner filed with the said Returning Officer on or before the 19th day of November 1951 divers nomination papers nominating them respectively as candidates at the said election from the said Constituency :—

Names of candidates :	
1. Nrisinha Kumar Sinha, the Petitioner abovenamed.	Serial No. 233 of electors in Part A of Original Roll for Mouza Balia in union No. 10 Balia within police-station Khargram.

Of the said candidates, the Respondent Satyendra Chandra Ghosh Moulik and Sudhir Mandal, were nominees of the Congress party which has, at all material times, been in power and control of the Government.

4. That your petitioner is a citizen of India, and is recorded elector for the said Burwan-Khargram Constituency (No. 45) and bears the serial No. 233 of the electors in Part A of the Original Roll (Electoral Roll) of Mauza Balia in union No. 10 Balia within the jurisdiction of police-station in the district of Murshidabad for the said Constituency. Your

petitioner does not belong to any Scheduled Caste or tribe of the State of West Bengal, and is not disqualified to be chosen to fill a seat in the said Assembly, both under the Constitution of India and the said Act. Your petitioner formerly belonged to the Congress party, but has since resigned therefrom and has a large number of followers and supporters in the said Constituency, and intended to contest the said election as an independent candidate, and had a good chance of success at the said election. For all these reasons, your petitioner has been a *persona non grata* with the Congress party as well as with the local executive officers of the Government.

5. That your petitioner duly complied with all the requisites and provisions of the law in respect of his nominations and the presentation and filing of his three nomination papers, which were respectively marked by the said Returning Officer for the Burwan-Khargram Constituency (No. 45) with the serial numbers of 24, 25, 26. Your petitioner was duly nominated as a candidate at the said election at the said Constituency by the said nomination papers in which the proposers and seconders were as follows:—

Serial No.	Proposer.	Seconder.
24.	Purnendu Narain Sinha (Elector), serial No. 251 in Part A, Original Roll for mauza Balia in union No. 10 (Balia) within police-station Khargram.	Radha Ranjan Dutta (Elector), serial No. 399 in Part A of Original Roll for mauza Balia in union Mo. 10 (Balia) within police-station Khargram.

26.	Lalit Gopal Roy (Elector), serial No. 181 in Part A, Original Roll for mauza Raipur in union No. 10 Balia within police-station Khargram.	Shyam Sundar Dutta (Elector), serial No. 151 in Part A, Original Roll for mauza Raipur in union No. 10 Balia within police-station Khargram.

6. That respondent Nibaran Bayen also duly presented and filed four nomination papers with the said Returning Officer for the Burwan-Khargram constituency (No. 45) who marked them respectively with the serial numbers of 29, 30, 31 and 32. The respondent Nibaran Bayen was duly nominated by the said nomination papers in which he was proposed and seconded by duly qualified voters of that constituency according to the provisions of the Act and Rules made thereunder. The respondent Nibaran Bayen has a large number of followers and supporters among the members of the Scheduled castes of the Estate of West Bengal, and intended to contest the said Election as an independent candidate and had a good chance of success at such election. For all these reasons he became a *persona non grata* with the Congress Party and the local executive Officers of the Government in general and with the said Returning Officer in particular.

7. That on the 21st day of November, 1951, the said Returning Officer for the Burwan-Khargram Constituency No. 45 held the scrutiny of nominations of the said candidates and rejected improperly and/or illegaly and/or without good faith or reasonable or probable cause the said nomination papers of your petitioner as well as of the respondent Nibaran Bayen in the following circumstances:—

(*a*) All of the said nomination papers of your petitioner and the respondent Nibaran Bayen described "West Bengal Legislative Assembly" as "the West Bengal State Legislative Assembly".

(*b*) The said Returning Officer first accepted one of your petitioner's said nomination papers as valid, but subsequently rejected the remaining nomination papers of your petitioner as invalid on the ground that "The West Bengal Legislative Assembly" was described as "The West Bengal State Legislative Assembly" therein in spite of the protest made by your petitioner in this behalf.

(*c*) The said Returning Officer rejected all of the nomination papers of the respondent Nibaran Bayen as invalid on the ground that "The West Bengal Legislative Assembly" was described as "The West Bengal State Legislative Assembly" therein inspite of the protests made by your petitioner that the said deviation did not amount to defect and would at the most be a technical defect and would be not of a substantial character.

(*d*) The said Returning Officer thereafter at the instance of the respondent Satyendra Chandra Ghosh Moulik revised his own previous order and rejected your petitioner's said nomination paper which had previously been accepted by him as aforesaid.

(*e*) The said Returning Officer allowed neither your petitioner nor the respondent Nibaran Bayen to look into the endorsement made by the Returning Officer on the nomination papers of your petitioner and the respondent Nibaran Bayen respectively, and did not disclose whether the Returning Officer had rejected the said nominaiton papers on any other ground, and refused to give your petitioner as well as the said Nibaran Bayen certified copies of their respective nomination papers and the orders or endorsements of the Returning Officer respectively made thereon.

8. That the said Returning Officer as a result of such scrutiny [illegible] the nominations of the rest of the said candidates, namely, the respondents Nos. (1) to (9) abovenamed.

9. That the abovenamed respondent Robindra Kumar Adhikary thereafter withdrew his candidature at the said election.

10. That thereupon your petitioner obtained Civil Rule No. 2851 of 1951 (*Nrisingha* Kumar Sinha *versus* Returning Officer for the Constituency of Burwan-Khargram) and the respondent Nibaran Bayen also obtained Civil Rule No. 2852 of 1951 (Nibaran Bayen *versus* Returning Officer for the Constituency of Burwan-Khargram) under Article 226 of the Constitution of India from the Hon'ble High Court at Calcutta in West Bengal upon the [illegible] should not declare [illegible] n Bayen as [illegible] he 6th day valid. The said Rules were [illegible] of December, 1951 on ground of want of jurisdiction of the said Hon'ble Court. The judgment of the Hon'ble Court has since been reported in Calcutta Weekly Notes Volume 56 at page 113.

11. That during the pendency of the said Civil Rule 2851 of 1951 in the Hon'ble High Court at Calcutta, your petitioner obtained inspection of the nomination papers of the candidates for election from the said Burwan-Khargram Constituency, and discovered in course of such inspection that some of the nomination papers had been tampered with by means of overwriting or interlineations or smudges of ink or by penning through material words in them since and after their said scrutiny. Your petitioner subsequently applied for copies with penned through portions of some of the nomination papers and obtained attested or certified copies of some of the nomination papers of the candidates for Election from the said Burwan-Khargram Constituency and the said Bharatpur Constituency, but the said certified copies are not true copies of such nomination papers and do not show the portions thereof penned through or otherwise tampered with.

12. That your petitioner has since ascertained that the only ground for the rejection of the nomination papers of your petitioner and the respondent Nibaran Bayen by the said Returning Officer is that "West Bengal Legislative Assembly" was described as "the West Bengal State Legislative Assembly" therein.

13. That on the 8th day of December 1951 the said Returning Officer published the final list of validly nominated candidates at the said election in the Burwan-Khargram Constituency. The said list contained the names of the respondents Nos. (1) to (8) abovenamed and did not include the names of your petitioner and respondents Nibaran Bayen and Rabindra Kumar Adhikary.

14. That as a result of the aforesaid improper rejection of the nominations of your petitioner and the respondent Nibaran Bayen, they could not contest the said election in the Burwan-Khargram Constituency which was held on the 17th and 19th days of January 1952 and as such the result of the said election was materially affected.

15. That on the 14th day of February 1952 it was published in the *Calcutta Gazette* under section 67 of the Act that the abovenamed respondent Sudhir Mondal had been elected to the Reserved seat for Scheduled Castes, and the abovenamed Satyendra Chandra Ghose Moulik to the General seat, in the said Assembly by the said Burwan-Khargram Constituency. To the best of your petitioner's knowledge and belief no publication of the notice under rule 113 of the Representation of the People (Conduct of Elections and Election Petitions) Rules, 1951, has been made in the *Calcutta Gazette* that the return of election expenses of the said returned candidates and the declaration made in respect thereof have been lodged with the Returning Officer. In the premises this petition is made within time.

16. That your petitioner to make the petition complete applied for inspection of all the nomination papers filed by the candidates of those two Constituencies mentioned above under section 52, clause 2, of the rules made under the Act, before the Subdivisional Magistrate, Kandi, who is an assistant Returning Officer and is now in-charge of the office of the Returning Officer of the abovenamed Constituencies on 16th April 1952 with court fees of Rs. 2. But the said Returning Officer intentionally to defeat my purpose and to make my petition time-barred like ordinary litigants kept my petition for inspection pending under frivolous plea avoiding to allow me inspection. Your petitioner preferred an appeal against this order before the Collector and District Magistrate of Murshidabad and that appeal is still pending.

[illegible] petitioner cannot give the names of proposers [illegible] of the most of the respondents. Your [illegible] reserved for submitting those materials [illegible] after inspection of records if allowed at [illegible] by the learned Tribunal.

18. That your petitioner has deposited the sum of Rs. 1,000 with the Government Treasury at Berhampore on 10th April 1952 by chalan No. 143 and the relevant Treasury chalan is enclosed herewith.

19. That your petitioner calls in question the said election of the respondent Satyendra Chandra Ghose Moulik and the Sudhir Mondal to the said Assembly by the said Burwan-Khargram Constituency on the following among other.

Grounds:

(*a*) For that the result of the election has been materially affected by the said improper rejection of the nomination of your petitioner as well as that of the respondent Nibaran Bayen by the said Returning Officer.

(*b*) For that the result of the election has been materially affected by non-compliance with the provisions of this Act and the Rules made thereunder.

(*c*) For that the Scrutiny held by the Returning Officer was not according to the law.

(*d*) For that the Returning Officer failed to deal with the nomination papers at their scrutiny according to their serial numbers or in proper order or according to the law, and acted illegally in subsequently rejecting your petitioner's nomination which the Returning Officer had first accepted.

(*e*) For that the Returning Officer acted illegally or improperly in rejecting the said nominations of your petitioner and of the Respondent Nibaran Bayen on the ground that the West Bengal Legislative Assembly had been described as the West Bengal State Legislative Assembly in the said nomination papers.

(*f*) For that the Returning Officer erred in omitting to permit your petitioner and the said Nibaran Bayen to delete the word State from the description "The West Bengal State Legislative Assembly" in the said nomination papers at the times of their respective presentations to the Returning Officer in order to bring the said nomination papers in confirmity with the alleged usual forms.

(*g*) For that the Returning Officer should have held that the description "The West Bengal State Legislative Assembly" in the said nomination papers of your petitioner and the Respondent Nibaran Bayen was at the most a technical defect only and was not at all of a substantial character, and as such the Returning Officer should have accepted their respective nominations.

(*h*) For that the alleged defects in the said nomination papers of your petitioner and of the Respondent Nibaran Bayen are at the most technical defects of facts and not at all of a substantial character.

(*i*) For that the Returning Officer acted illegally or in excess or abuse of his powers in refusing to disclose the grounds of his rejection of the said nominations of your petitioner and the Respondent Nibaran Bayen at the scrutiny.

(*j*) For that the Returning Officer acted illegally and contrary to the law and improperly in tampering with the nomination papers of candidates.

(*k*) For that the Returning Officer acted illegally and wrongfully in refusing in the first instance to give your petitioner certified copies of the nomination papers with the endorsements of the Returning Officer made respectively thereon.

(*l*) For that the Returning Officer rejected the said nominations of your petitioner and the said Nibaran Bayen respectively without any reasonable or probable cause and not in good faith, and his orders are otherwise bad in Law.

Your petitioner, therefore prays for a declaration that the said election is wholly void.

In the Matter of a complaint under section 33A of the Industrial Disputes Act, as Amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, made by seven employees, Sri S. Ganguly and six others, against their employer Messrs. A. Firpo, Ltd., in connection with Government of West Bengal, Labour Department, Order No. 598-Dis./D/11-L86/52, dated the 15th March 1952.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SRI S. K. NIYOGI, *District Judge, Industrial Tribunal.*

For the employees: Themselves.

For the Company: Mr. A. C. Alacea, Governing Director.

AWARD.

The original reference was made to me for adjudication of a dispute between Messrs. A. Firpo and their workmen under the Government of West Bengal, Department of Labour, order No. 598Dis./D/11-L86/52, dated 15th March 1952. The adjudication proceeding is still pending.

This is a matter arising out of a complaint made by Sri S. Ganguly and six other employees of Messrs. A. Firpo, Ltd., under section 33A of the Industrial Disputes Act as amended in 1950. Their allegation is that they are employees of the abovenamed Company working in different sections and that they worked on three declared holidays but the Company refused to pay them for their work on those days. It is further alleged

that this act of the Company amounts to stoppage of payment for work done on holidays in violation of the service conditions as laid down in the Standing Orders and also in the award of Sri P. K. Sarkar. Their contention in substance is that the Company has by its act of refusal to pay for work done on holidays altered to the prejudice of the workmen, the conditions of service applicable to them immediately before the commencement of the adjudication proceedings, without the permission of the Tribunal and in violation of the provisions of section 33 of the Industrial Disputes Act, 1947.

On receipt of the complaint the Company was directed to submit its answer in writing on 31st May 1952. Both the Company and the applicant workmen informed the Tribunal about an amicable settlement having been made between them. On 28th June 1952 a letter addressed to the Tribunal and signed by the acting Governing Director as well as the seven complaining employees was submitted setting out the terms of settlement on which there has been an amicable settlement between the parties regarding the matter complained of. The dispute arising out of the complaint does, therefore, no longer exist.

I propose to treat the letter abovementioned as a memorandum of amicable settlement and to make an award in terms thereof. The memorandum of settlement will form part of the award as Appendix "A". An award is made accordingly and the application is disposed of.

In the matter of an application under section 33A, filed by piece-rated workers represented by Bengal Paper Mill Mazdoor Union arising out of an industrial dispute between Bengal Paper Mill Co., Ltd., and their workmen referred under Government order No. 4279Lab., dated 9th July 1951, regarding which an Award has been made and published in the "Calcutta Gazette" by notification No. 1599Dis./D/11L-37/52, dated 7th June 1952.

SRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union: Sri Rabin Sen, General Secretary of the Union.

For the Company: Sri S. K. Mullick (Jr.), Lawyer for the Company.

AWARD.

The main industrial dispute between the employer and the employees in the abovenamed case had been referred to this Tribunal by Government of West Bengal, Labour Department, as per order No. 4279Lab., dated 9th July 1951, to my predecessor Sri M. C. Banerji as Judge of the Fourth Industrial Tribunal, and while the case was pending this application under section 33A of the Industrial Disputes Act had been filed before him by Sri Rabin Sen, General Secretary of the Union, on behalf of the piece-rated workers represented by Bengal Paper Mill Mazdoor Union alleging that due to some mechanical breakdown the production of the mill was stopped partly on Saturday, the 15th of March 1952, and as a result the Mill was to run on the next day which was a Sunday, that the workers of the Mill were intimated on Saturday to the effect that the Mill will run on Sunday for all the workers except the piece-rated workers of the Finishing Department, that the piece-rated workers of the Finishing Department thereupon represented their grievance to the Labour Officer and it was settled that they would also be allowed to come to work, that accordingly on Sunday the piece-raters of the Finishing Department attended duty in the morning and worked up to 10 o'clock when they were intimated by the Labour Officer that the piece-raters would not be paid at the overtime rates and as they did not agree to this term, they were to go off duty, that the piece-rated workers of the Finishing Department accordingly made this application under section 33A praying that the Company may be directed to pay their legitimate wages for the period worked on Sunday, the 16th March 1952, inasmuch as they have enjoyed such privileges on previous occasions too.

The abovenamed Company appeared in this case and prayed for time to file written statement but ultimately no written statement was actually filed.

DECISION.

At the time of hearing the parties have come to terms and intimated to Court that "the case has been amicably settled out of Court between the two parties and no further dispute remains". This memorandum forms Appendix of this Award. So I find no dispute exists at present between the parties which requires an adjudication by this Tribunal. I accordingly pass my Award in terms of the agreement embodied in the Appendix and this will form a part of my Award.

S. C. MUKHERJI,
Judge, Fourth Industrial Tribunal.

ANNEXURE.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL, 8, LYONS RANGE, SECOND FLOOR, CALCUTTA.

In the matter of reference No. 462Dis./13L-9/9/52, of the Government of West Bengal, Labour Department, dated 27th February 1952, and in the matter of an industrial dispute between Messrs. New Diamond Press, Limited, 8B, Lalbazar Street, Calcutta, and their employees represented by Press Employees' Association, 249B, Bowbazar Street, Calcutta.

PRESENT:

SRI A. DAS GUPTA, *Judge*.

For the Company: Sri S. C. Sen, Pleader, instructed by Sri A. P. Roy, Director of the Company.

For the employees: Sri Sunil Kumar Dhar, Pleader, instructed by Sri Indu Bhusan Sarkar, Secretary, Press Employees' Association.

AWARD.

The following points have been referred to me for adjudication:—

(1) Whether the retrenchment of (a) Sri Rajendra Nath Dutta, (b) Sri Sital Das Chakravarty, (c) Sk. Abdul Sattar, (d) Sri Niharendu Chatterjee and (e) Sri Dhirendra Nath Mitra are justified?

(2) To what relief are they entitled?

Prior to the present reference there had been three omnibus references under the Government of West Bengal, Labour Department, orders Nos. 249-Lab., dated 27th June 1947, 2200Lab., dated 3rd May 1950 and 4065Lab., dated 26th July 1950, for adjudication of industrial disputes between printing presses of Calcutta and Howrah and their employees. The award which followed reference No. 249Lab., of the 27th June 1947, was published under order No. 1487Lab., dated 11th May 1948. The references Nos. 2200Lab., dated 3rd May 1950 and 4065Lab., dated 26th July 1950, were taken up together and were followed by one single award which was published under Government of West Bengal, Labour Department, order No. 995Lab., dated 14th February 1951. On appeal in the case of last mentioned award the Hon'ble Labour Appellate Tribunal of India increased the minimum dearness allowance from Rs. 22 to Rs. 28 per month. The New Diamond

Press, Ltd., of 8B, Lalbazar Street, Calcutta, was a party to both the references Nos. 249Lab., dated the 27th June 1947 and 2200Lab., of the 3rd May 1950.

The contention of the employees is that the Company not having implemented the awards as modified by the decision of the Hon'ble Appellate Tribunal, the employees headed by Sri Rajendra Nath Dutta and others submitted a representation to the management and the Labour Commissioner demanding an early implementation of the awards, and that during the conciliation proceedings started by the Labour Directorate the management having failed to exert its influence by coercion to desist Sri Rajendra Nath Dutta and others from representing the general grievances before the Conciliation Officer served a notice upon the employees mentioned in the order of reference on the 28th December 1951 terminating their services with the Company. The employees plead that the management wanted to get rid of these workmen on account of their Union activities and they adopted unfair labour practice in discharging them under the false plea of depression in trade and deteriorating financial position of the business of the Company.

The employees pray that they may be reinstated to their respective posts with full benefit from the date of dismissal or in the alternative for compensation for their wrongful dismissal.

The management denies the charges brought against it, and pleads that the retrenchment of the five employees was perfectly justified.

Retrenchment is a necessary incident of industry and so long as it is not *mala fide* and prompted by any unfair labour practice, the Tribunal Judges should not interfere. Any interference will be compelling the industry to run at a loss. It is the exclusive function of the management to determine the size of the working force. This is the recognised principle obtaining in industrially advanced countries where Trade Unions have also much advanced. It is for for the management to decide the magnitude of the business and production, the scheme of the business and the size of the working force, having regard to its resources. If the management works with more men than necessary it will entail a heavy loss. If it works, on the other hand, with less men than necessary, the workmen may be overworked and may be denied the daily recess, weekly rest and annual holidays, and the result would be to decrease the efficiency of the workmen and to create unrest to the prejudice of the industry itself. To ensure daily recess, weekly rest and annual holidays to the workmen, there have been considerable legislations laying down the maximum working hours and minimum rest and holidays and restricting the shift works. The Judges of the Industrial Tribunal have taken up these questions from time to time and have, in some cases, added to the benefits already prescribed by the Statute. If any one is denied these statutory privileges or privileges prescribed by awards, his relief lies in moving the proper authorities appointed by the State and the matter may be settled by negotiations, and if negotiations fail, arbitrators may intervene. But so long as the statutory privileges are not denied or curtailed, the management has exclusive jurisdiction to determine the size of the working force.

I have already noted that in matters of retrenchment the Tribunal Judges should not interfere so long as it is not *mala fide* and prompted by any unfair labour practice. If it be found that the retrenchment has been effected *for bona fide* economic reasons and without deviating unjustly from the accepted principle "last come, first go" the Tribunal Judges should not intervene. In such cases the Tribunal Judges are to settle the amount of compensation payable to the workmen on their retrenchment.

Tangible evidence of unfair labour practice is not possible. In all cases of unfair labour practice and victimisation, attempts are made by the employers to make out an apparent "cause". We are to find out whether the apparent cause is the real cause. If the apparent cause is found to have been not the real cause but to have been ascribed with some ulterior motive; it is undoubtedly an instance of unfair labour practice or victimisation. To arrive at a conclusion on this point some outward manifestation of the feelings of the employers should be taken into account. I enumerate some of these outward manifestations which, I consider, may be relevant for the purpose of the present enquiry:—

(1) Discrimination between workers without justification.
(2) Singling out Union leaders or members.
(3) Anti-Union statement made at the time of discharge or shortly prior thereto.

The present dispute involving termination of the services of five workmen has got to be considered in the light of the principles noted above.

The present Company was started some time in 1942. It was originally a partnership business. Subsequently in about middle of 1946 it was registered as a private limited Company, with the original partners and their relatives as shareholders. The case of the Press Employees' Association is that the management did not implement the awards of the Industrial Tribunal published under the Government of West Bengal, Labour Department, orders Nos. 1487Lab., dated 11th May 1948 and 995Lab., dated 14th February 1951, as modified by the decision of the Hon'ble Labour Appellate Tribunal, dated 23rd August 1951, and that these five workmen along with others headed by Rajendra Nath Dutta and Sital Das Chakravarty moved the Labour Directorate in the matter. The Press Employees' Association pleads that the 5 workmen under reference who are its members were discharged as an unfair labour practice on account of their Union activities and their active participation in the agitation against the non-implementation of the awards. This has been denied by the management. The management contends that the five workmen were retrenched on account of *bona fide* trade reasons. It has been contended that the business has been deteriorating at least since 1948 and that the present financial position of the Company does not permit it to maintain its original labour force.

In the present case the question of onus is only academical. The management has got to justify the retrenchment. If the retrenchment is justified, the retrenchment cannot be set at naught simply on the ground that the workmen were discharged being members of the Union. All members of the Union are expected to support the just cause of the Union by their activities. Such activities are not by themselves sufficient grounds to undo the decision of the management which is otherwise just and proper. With a view to justify the retrenchment, the management has filed the balance sheets of the Company for three years, 1949, 1950 and 1951 and a comparative statement of the profit and loss accounts for the years 1948 to 1951. The following chart will show at a glance the financial position of the Company:—

Particulars.	1948. Rs.	1949. Rs.	1950. Rs.	1951. Rs.	1952. Rs.
Sales	68,597	67,341	51,946	50,253	
Wages	20,772	20,590	20,152	17,634	
Cost of material ..	22,020	20,335	20,545	22,547	
General administration charges including salary of staff	17,545	19,687	15,913	17,291 (including Rs. 2,350 for [illegible]).	
Profit or loss ..	+1,698	—677	—11,554	—14,894	

(+ indicates profit. — indicates loss.)

Along with these figures, must be considered the following comparative table indicating a fall in the number of customers and orders:—

	1948.	1949.	1950.	1951.	1952 (up to 13th June 1952).
Number of customers ..	402	371	343	271	..
Number of orders ..	..	..	1,308	1,003 (up to 13th June 1951 —516)	400

Obviously the business has been passing through a crisis. Number of customers and number of orders have come down and there has been a considerable fall in the sales in rupees without an appreciable fall in the cost of production. There might have been some fall in the wage bill of the workers but the cost of materials seems to have an upward tendency. The fall in the wage bill of the workers might have been due to a decrease in the production of piece-rated jobs, overtime payments to the time-rated workers and to some Mohamedan workers leaving Company's services for East Pakistan. The Company has submitted a statement indicating the probable cause of the loss. According to the management the loss is mainly due to an abnormal rise in the price of papers, an alarming scarcity of other materials and the backward and unsatisfactory position of the market. It will be seen that some provision was made in the balance sheet for 1951 for income-tax. A question may arise as to how this provision was justified when the Company was losing heavily. It may be noted that the income-tax matters are not so quickly disposed of as the common people may think. Assessment takes two to three years before it is finalised. No provision was made in the previous years for any income-tax. The provision for income-tax in the balance sheet of 1951 was obviously for the profits earned in 1948 and prior thereto. The Union submitted before me a list of customers of the Company. In this list only 40 customers have been named. This is Exhibit A. But according to the Company, it has still a much greater number of customers. The number of customers and number of orders do not by themselves indicate the volume of the business. It is the total value of the business secured from these customers less the cost incurred to execute the jobs which indicates the position of the business. On the materials before me I cannot but rely upon the audited balance sheets of the Company and I am clearly of opinion that the financial position of the Company is greatly deteriorating so much so that it cannot maintain the existing labour force. Retrenchment is hence called for. There is no sufficient material on the record to warrant any finding about the extent of retrenchment permissible in the present position of the industry. This much I can say that since the retrenchment there has been no new recruitment, and that since then there has been no complaint about any increase in the strength of the workmen. Besides, although the Company has been running at a loss for the last few years it did not actually effect any retrenchment. The first step taken by the management towards economy appears to have been a substantial reduction in the cost of general administration. It will be seen that from Rs. 19,887 in 1949 the cost under this head was reduced to Rs. 15,913 in 1950 and to Rs. 15,441 in 1951 (deducting the income-tax provided). On the evidence and circumstances of the case placed before me I am definitely of opinion that retrenchment of workers was urgently called for by the deteriorating trading position of the Company.

The workmen have examined one witness, Rajendra Nath Dutta. According to him the Company has four treadle machines and one flat machine besides the ruling machine in the Duftry Department, and three compositors are necessary for one treadle machine and five to six compositors are

necessary for the flat machine. Assuming what this witness said to be true, there is no sufficient evidence that all these machines are being constantly worked at one and the same time. Rajendra Nath Dutta, however, said that these machines are worked from 9-30 a.m. to 5-30 p.m. and again from 5-30 p.m. to 8-30 p.m. The work during the period 5-30 p.m. to 8-30 p.m. is undoubtedly overtime work. According to Rajendra Nath Dutta, only three or four workmen do this overtime work in the afternoon. If all these machines are worked during this overtime, three or four workmen are quite insufficient for the purpose. Hence in view of the self-contradictory statement of Rajendra Nath Dutta I cannot place much reliance on his statement that all the the four machines are worked constantly, all at a time. On the uncorroborated testimony of Rajendra Nath Duttta, I am not inclined to hold contrary to what the audited balance sheets indicate about the trading position of the Company.

The next question to be considered is whether in selecting the workmen for retrenchment, there was an unfair labour practice or victimisation on the part of the management. Rajendra tells us that all the workmen with the exception of three are members of the Union. Seven workmen have been retrenched of whom two are non-Union men. They are not before us. The evidence is that on one and the same day these seven workmen were retrenched. Subsequently the two non-Union men Baloram De and Biswanath Mullick by name were re-employed. They were subsequently discharged when the matter was reported to the Labour Commissioner. This fact undoubtedly indicated some antipathy of the management against the Union. This antipathy had its expression at the time of re-appointment. Now that this re-appointment was not allowed to stand, we are only confronted with the question whether in retrenching the seven workmen the management made any discrimination between the Union and non-Union men. Of the non-Union men 66 per cent. was retrenched. Among the Union men the percentage of the retrenched workmen is much less. I had thoroughly scrutinised the Labour Commissioner's file and I find that 16 workmen from time to time represented the grievances of the workmen touching upon the non-implementation of the previous award. Out of these 16 men 5 have been selected. It is, however, clear that Rajendra Nath Dutta, Sital Das Chakravarty and Dhirendra Nath Mitra took active parts before the Conciliation Officer more than any other workman. We could understand that when the workers were agitating in the matter and pressing for implementation of the awards the management appears to have told the workmen that if pressure is put upon the management it would close the business. This fact appears to have been conveyed to the Labour Commissioner by the workmen by a letter, dated 25th October 1951. This statement by itself does not amount to an anti-Union statement. It may cut both ways. It might be that the management wanted to impress upon the workmen that if they would put pressure upon the management the business had the risk of being wound up on the ground that its financial position would not be able to bear the burden. The statement may also be interpreted as a threat to the workmen although the financial position of the business was quite satisfactory. In a case where a statement admits of double interpretations, we must accept the one which is consistent with the circumstances of the case. It has been amply proved that the Company was incapable of bearing any additional burden. It was a losing concern. Hence the alleged statement of the management was not an idle threat. It represented the real position of the industry and it might be that the management said so with a view to impress upon the workmen the financial position of the industry.

Let us now discuss the cases of the individual workmen separately. Of the five workmen before us three were compositors. They are Rajendra

Nath Dutta, Sital Das Chakravarty and Abdul Sattar. Of the remaining two, Dhirendra Nath Mitra was a machineman and Niharendu Chatterjee was a duftry. We could understand from the discussions that before the retrenchment there were nine compositors, of whom five have been retrenched including the three before us, three duftries of whom one has been retrenched and five machinemen of whom one has been retrenched. Rajendra Nath Dutta admits that Abdul Sattar was the juniormost distributor (compositor). Abdul Sattar was appointed as a compositor but was performing the duty of a distributor. Rajendra Dutta says that Sital was the juniormost compositor, and Ali Hossain and Dhirendra Nath were the two juniormost machinemen. Thus admittedly in selecting Abdul Sattar, Sital and Dhirendra Nath Mitra there was no deviation from the accepted rule "last come, first go". About the duftry, Niharendu Chatterjee, according to Rajendra Dutta, Anil Sanyal is junior to Niharendu. The Attendance Register was produced before me. This appears to have recorded the attendance of Anil Kumar from January 1949, whereas that of Niharendu Chatterjee from April 1949. The Attendance Register appears to have been kept regularly in the ordinary course of business. I have no reason to disbelieve the entries in the Attendance Register. At the hearing the Union wanted the Wage Register. The Director went to the office but could not find it out. I do not think that absence of the Wage Register is in any way fatal to the Company's case on this point. I accordingly hold that in selecting Niharendu Chatterjee there was no discrimination. Now I take up the case of Rajendra Dutta. Rajendra Nath Dutta's evidence is that two compositors, much junior to him, Hafizuddin Ahmed and Rabindranath Addy by name, have been retained in preference to Rajendra Nath Dutta. Now Hafizuddin who is admittedly junior to Rajendra Dutta has been retained on the simple ground, as pleaded in the Company's written statement, that Hafizuddin Ahmed is the only man who knows Urdu work. It has been alleged that Urdu works are very seldom executed by the present Company. Be whatever that might be, if the Company wants to make arrangements for all kinds of work, the Tribunal Judges should not intervene. There is no suggestion that any other compositor, senior to Hafizuddin Ahmed, knows Urdu work. The Company is perfectly justified in selecting its workmen in such a way that no order is refused for want of qualified workers. A question arises whether Rabindra Nath Addy is junior to Rajendra Nath Dutta. Admittedly both have been working at least from the date when the business was registered as a limited Company. Rajendra Nath Dutta's case is that he had been working since 1942, and that Rabindranath is one month junior to him in service. It is admitted that Rabindranath has been getting Rs. 68 per month as basic salary whereas Rajendra Nath Dutta was getting at the time of retrenchment Rs. 48 per month. Rajendra Nath Dutta contends that his basic salary had not been properly fixed. It should have been Rs. 63 at the time of his retrenchment. Even if it were so, the basic salary of Rabindranath would have been more than that of Rajendra Nath Dutta. It does not appear to have been suggested at any time or anywhere that the management unduly favoured Rabindranath. In addition, I find from the Labour Commissioner's file that Rabindranath was one of the 16 workmen who moved the Labour Commissioner demanding implementation of the awards. Rabindranath was undoubtedly a Union man. The management had no reason to show any favour to Rabindranath. Even if it be assumed that Rabindranath Addy was appointed after Rajendra Nath Dutta, he might have been given some extra seniority for his efficiency and experience. Rajendra Nath Dutta does not appear to have had made any grievance on this account. He appears to have accepted the position. In any case, I am not inclined to accept the

uncorroborated testimony of Rajendra Nath Dutta that he is senior to Rabindranath Addy, specially when the circumstances indicate otherwise. These retrenched workmen along with others carried on agitations before the Labour Commissioner complaining about their service condition. Rajendra Dutta and Sital Chakravarty might have taken active part in the agitations. There is no reason why the management should select the other two workmen for retrenchment in preference to others who joined in the agitation. It has been amply proved that the retrenchment was called for by the deteriorating trading condition of the business, and that in selecting the workmen for retrenchment, the management followed the accepted principle of "last come, first go" except in the case of Rajendra Nath Dutta. One Hafizuddin who is junior to Rajendra Dutta but knows Urdu work has been retained in preference to Rajendra Dutta. Hafizuddin also appears to have joined Rajendra Dutta and others in the agitations before the Labour Commissioner. In fact, but for the special qualification of Hafizuddin, he should have been retrenched. There was thus no unjustifiable discrimination in selecting the personnel for retrenchment. The little discrimination which is noticed was made in the interest of the industry. These five workmen are not, therefore, entitled to reinstatement. They are, however, entitled to compensation. But having regard to the financial position of the industry, I cannot persuade myself to award any compensation in addition to the benefits of gratuity and compensation for leave due. All these workmen were given notice for one month. Hence the question of wages for the notice period does not arise. It is presumed that they were paid full wages and dearness allowance for the one month prior to the retrenchment. If they have not been paid they are entitled to the difference of what was due to them under the award as modified by the decision of the Hon'ble Labour Appellate Tribunal and what has actually been paid to them.

In assessing the dues of these workmen we are to enquire what would have been their proper basic wages and dearness allowance at the time of retrenchment. It is admitted that they were getting dearness allowance at a flat rate of Rs. 22 per month, as per award published under the Government of West Bengal, Labour Department, order No. 995Lab., dated 19th February 1951. This was enhanced to Rs. 28 by the Hon'ble Labour Appellate Tribunal. I understand that there has been an appeal to the Supreme Court against the decision of the Hon'ble Labour Appellate Tribunal, but nothing has been produced before me to prove that such an appeal has been filed and that a stay order has been obtained from the Hon'ble Supreme Court. In any case in the absence of any stay order, I cannot but hold that at the time of retrenchment all these workmen were entitled to Rs. 28 per month as dearness allowance.

Now about the basic salary the sworn testimony of Rajendra Nath Dutta about jobs these workmen used to perform at the time of retrenchment stands unrebutted. Rajendra Nath Dutta, Sital Das and Abdul Sattar were compositors. Niharendu was a duftry and Dhirendra Nath Mitra was a machine man. The workmen have filed a statement indicating the wages and dearness allowance these workmen had been getting at the time of the retrenchment and the wages and dearness allowance to which they were entitled at the relevant time. The Company filed the Attendance Register. From this, it has been amply proved that Rajendra Nath Dutta was in the service of the New Diamond Press, Limited, at least since the registration of the Company as a limited concern, if not, from before. Sital Das was appointed in 1948, Abdul Sattar in 1947, Niharendu in April 1949 and Dhirendra Mitra in 1949. The wages and the dearness allowances which

the five workmen were drawing prior to their retrenchment as stated in the workmen's statement are indicated below:—

Name.	Basic wages at the time of retrenchment.	Dearness allowance.
	Rs.	Rs.
Rajendra Nath Dutta	48	22
Sital Das Chakravarty	35	22
Abdul Sattar	39	22
Niharendu Chatterji	30	22
Dhirendra Nath Mitra	48	22

It has not been disputed that Rajen Dutta used to do both job and book works. For a compositor competent to handle all classes of job and book works independently, the award prescribed the following grade:—

Rs. 55—8/2—95—E. B.—5/2-120.

According to the rules of adjustment Rajendra Nath Dutta would have been entitled to Rs. 71 at the time of his retrenchment, if really there had been no break in his service. But Rajen Dutta claims that his proper basic wages at the time of retrenchment should have been Rs. 63. I find no objection against this. I accordingly hold that Rajendra Nath Dutta's basic wages at the time of retrenchment should have been Rs. 63. Sital Das and Abdul Sattar are the juniormost compositors. There is no satisfactory evidence as to whether they were entitled to any higher wages than were prescribed for junior compositors. A higher wage was prescribed by the award for a junior compositor specialising in four of the several intricate jobs. For the junior compositors the grade is—

Rs. 35—2/2—45—E. B.—1/2—50.

According to the rules of adjustment Sital Das should have got at the time of retrenchment Rs. 37 as his basic pay and Abdul Sattar Rs. 39. Abdul Sattar was admittedly getting Rs. 39 at the time of retrenchment. Sital Das was getting Rs. 35. Niharendu was a junior duftry. According to the award he was entitled to Rs. 30—2/2—38. Thus according to the rules of adjustment prescribed by the award, at the time of his retrenchment, he was entitled to Rs. 32 as basic wages. Dhirendra Nath Mitra, a machine man, entered the services of the Company in 1949. He was entitled to the grade Rs. 45—6/2—75—E.B.—5/2—100. According to the rules of adjustment prescribed in the award he was entitled to Rs. 51 at the time of retrenchment. He is said to have been getting Rs. 48. The difference between the basic wages and dearness allowance to which these workmen were entitled under the award and the basic wages and dearness allowance they were getting at the time of retrenchment are indicated below in a tabular form:—

Names.	Actual basic wages and Dearness allowance paid by the Company.	Basic wages and Dearness allowance due under the award.
Rajendra Nath Dutta	Rs. 48 + Rs. 22	Rs. 63 + Rs. 28
Sital Das Chakravarty	Rs. 35 + Rs. 22	Rs. 37 + Rs. 28
Abdul Sattar	Rs. 39 + Rs. 22	Rs. 39 + Rs. 28
Niharendu Chatterjee	Rs. 30 + Rs. 22	Rs. 32 + Rs. 28
Dhirendra Nath Mitra	Rs. 48 + Rs. 22	Rs. 51 + Rs. 28

We are here concerned with the wages and dearness allowance for the notice period. Five workmen are entitled to the basic wages and dearness allowance for the notice period prescribed by the previous award as modified by the decision of the Hon'ble Labour Appellate Tribunal as indicated above, less any amount that they have received for the said period. In addition to this the workmen shall be entitled to basic wages and dearness allowance for the total unspent privilege leave due to them under the award published under the Government of West Bengal, Labour Department, order No. 1487Lab., dated 11th May 1948. I am told that the provident fund has not yet been started as indicated in the previous awards. The workmen are entitled to gratuity at the rate of one twenty-fourth month's basic salary for each completed month's service calculated on the basis of the basic salary due to the workmen under the award at the time of retrenchment as indicated above. All these payments shall be made within a month from the date on which this award comes into force.

ANNEXURE.

In the matter of an Industrial Dispute between Messrs. Lansdowne Jute Mill, Dakhindari, post office Belgachia, 24-Parganas, and their workmen represented by Jute Mill Workers' Federation, 33-B, Wellington Street, Calcutta.

PRESENT:

SRI S. N. NIYOGI, *District Judge, Sixth Industrial Tribunal.*

For the Company: Mr. George Samson.

For the Workmen: Sri Phani Ghosh, Secretary, Jute Workers' Federation.

By order No. 1649Dis./D/7L-48/52, dated the 12th June 1952, the Government of West Bengal, Department of Labour, acting

sections 7 and 10 of the Industrial Disputes Act, 1947, referred the abovementioned dispute to me, constituted an Industrial Tribunal, for adjudication, regarding the matters specified below:—

(1) Whether dismissal of Garib Das is justified?

What relief he is entitled to?

The order of reference was received on 14th June 1952, when usual notices were issued fixing 1st July 1952, for appearance of both parties and also for submission of written statement by the Federation. On 1st July 1952, Messrs. Landsdowne Jute Mill, hereinafter called the Company, appeared through its duly authorised representative, Mr. George Samson, Sri Phani Ghosh, Secretary, Jute Workers' Federation, appeared for the workmen. Instead of filing any written statement, both parties jointly filed a petition on that date with a prayer for a "No-dispute" award being made, and stated that the dispute between the Company and their workmen relating to the dismissal of Garib Das does no longer exist, the Company being prepared to reinstate Garib Das with effect from Monday, 30th June 1952, and it being agreed that the period of his unemployment from 10th March 1952 to 28th June 1952, is to be treated as "Leave without wages", so that continuity of his service will not be in any way affected. On hearing the parties present, I am satisfied that there has been a *bona fide* amicable settlement between them and that the dismissed workman Garib Das has already been reinstated with effect from 30th June 1952, in terms of the agreement. So the dispute no longer exists. Accordingly I make a no-dispute award in this case. The joint petition in which the terms of amicable settlement are set out will form part of the award as Appendix A thereto.

Judge, Sixth Industrial Tribunal.

Issue No. 5.—Whether the management is justified in not opening the factory before Aswin and to what relief the men are entitled for this action of the management?

According to the management, after the very sad and terrible experience of Saturday, the 30th of June 1951, the management thought that it is wise to lock-out the factory. This lock-out was a justified lock-out. The workers had created such a situation overnight that the management had no other alternative than to close down this factory on Monday. The matter had been reported to the Assistant Labour Commissioner, and on her intervention, the management decided to re-open the factory on 9th of July and a notice to that effect had been given (Exhibit C), but the management insisted and rightly so that their decision regarding the dismissal of the three

In the matter of an industrial dispute between Shree Lachminarayan Jute Manufacturing Co., Ltd., Konnagar, Hooghly, and their workmen represented by Lachminarayan Jute Mills Employees' Union, C. S. Mukherjee Street, Konnagar, Hooghly, in connection with the case of Sri Amaresh Chandra Banerjee.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SRI P. R. MUKHERJEE, *District Judge (Retd.), Chairman, Third Industrial Tribunal.*

For the Company: Sri S. C. Sen, Advocate, Sri J. K. Ghosh, Advocate, and Sri K. Pal Choudhury, Labour Officer of the Company.

For the Union: Sri P. K. Sanyal, Advocate, and Sri B. Mazumdar, President of the Union.

AWARD.

The above dispute had been referred to me by the Government of West Bengal, Labour Department, order No. 832Dis./D/7L-32/52, dated the 16th April 1952, for adjudication.

The case of the workman is that he had been working in this Company for about 16 years with uniform good record of service and became the Assistant Secretary of the Union in April 1949. It is alleged that on the 6th of July 1951, Sri Amaresh Chandra Banerjee was detained in Calcutta owing to serious illness of a relative and he could not attend the Mill. But as the returns in respect of rationing were to be submitted by Monday, the 9th of July 1951, he attended the Mill on Sunday, the 8th of July 1951, and prepared all papers and completed the books and returns relating to rationing and made them ready for submission on Monday morning. Curiously enough, Sri Banerjee duly attended the Mill on Monday, the 9th of July 1951, when he was served with a notice of suspension on an absolutely false and frivolous charge of habitual absence from duty without leave. He was given no opportunity to substantiate his case by calling witnesses and no enquiry whatsoever was held in the case, and the Company decided to dismiss him and put him under suspension till the Company would obtain permission from the Jute Textile Industrial Tribunal then sitting. The worker was however dismissed on 4th of February 1952. The worker prays for reinstatement and payment of all wages for the period of non-employment by way of compensation.

The Company submits a written statement alleging that this worker had developed a habit of getting drunk in the beginning of 1950, and in consequence he had been late in attendance and was frequently absent without report. He was warned several times for his bad habit and consequent irregularity, but it had no effect. It is alleged that on 7th July 1951, Sri Banerjee absented himself without report causing serious dislocation in the ration shop work to which he had been posted. Then on 9th July 1951 he was served with a notice as to why he should not be dismissed from service for his habitual absence from duty without leave. After drawing up the formal charge-sheet, it was detected that he in the meantime dishonestly put his signature on the Attendance Register against the date of 8th July 1951, which was a Sunday. The Management made due enquiries after serving a charge-sheet, and it was found that he had been absent without justification and could not attend the office, as he was found drunk in his room. The Management took a very serious view of the matter and as he submitted a false explanation and had tampered the attendance register, the Management decided to dismiss him, but as the *ad hoc* Jute Tribunal was pending at that time, an application for permission to dismiss him under section 33 was made before the Tribunal and Sri Banerjee was kept under suspension pending final disposal of the case. The Jute Tribunal award having been published on 12th November 1951, the application under section 33 had been returned to the Mill authorities, who thereafter dismissed him on 4th February 1952.

The issues raised in the case were:

1. Whether the dismissal of Sri Amaresh Banerjee was justified?
2. If not, whether he is entitled to be reinstated with all arrear pays, or any further relief?

I am very glad to note that the case has been amicably settled and a petition of compromise has been filed by the parties duly authenticated by signatures of the Advocate. By this compromise *inter alia* the Company will pay within a week from date, a sum of Rs. 3,000 only in all in full and final settlement of the claim (*vide* Annexure). I hereby make an order

that the compromise petition shall form a part of the award and that the case be disposed of in terms of the petition of compromise filed and I make an award accordingly.

Chairman,
Third Industrial Tribunal.

AWARD.

The above dispute had been referred to me by the Government of West Bengal, Department of Labour, by order No. 16Dis./D/11L-275/51, dated 4th January 1952, for adjudication along with another dispute between Messrs. Howrah Flour Mills, Ltd., Howrah, by the same Union, viz., West Bengal Flour Mills Mazdoor Congress. The award in the Howrah Flour Mills case has been already given, as it was a separate case altogether. The present award relates to Calcutta Flour Mills, Ltd.

Notices were issued on the West Bengal Flour Mills Mazdoor Congress as also on the Mill. In the meantime, a petition signed by some 8 clerks had been presented before this Tribunal on 19th January 1952 stating that they are not members of the West Bengal Flour Mills Mazdoor Congress, which seems to have championed their case before the Tribunal and further they had never authorised the said West Bengal Flour Mills Mazdoor Congress or any other Union to represent their case before the Tribunal. They further allege that they have no grievance against the Management of Calcutta Flour Mills in any form whatsoever regarding wage scales or grades of clerical employees and dearness allowance, etc. It is also stated that they feel that if any occasion arises for the adjustment of the relations between employers and the clerical staff, they will hold direct negotiations with the employers and they therefore do not desire to embarrass the Management in any way.

The Company thereafter submitted a written statement on 3rd March 1952, stating that there is no industrial dispute between the Calcutta Flour Mills and their clerical employees and they relied on the statement submitted by the clerical staff. They further allege that there is some mischievous move against this Company by some interested Associations.

On receipt of the statement of the clerical staff as also the statement of the Company, this Tribunal invited the West Bengal Flour Mills Mazdoor Congress to produce its authority to represent the clerical staff. Some time after, Sri Nabajyoti Burman, who claims to be the Secretary of the West Bengal Flour Mills Mazdoor Congress, filed a petition stating that he is fully authorised to represent the clerical staff. He however did not produce any letter of authority, but insisted that he is the accredited agent of the said Congress and has every right to represent their grievances. On receiving this petition, it was decided that I should go to the Mill and ascertain individually from the clerks if they are really signatories to the petition filed by them alleging that the West Bengal Flour Mills Mazdoor Congress has no authority to represent their grievances. In other words, it was decided by the Tribunal that in the interest of all concerned, an investigation should be launched on the spot to see if the petition filed by the clerical staff was *bona fide*. Curiously enough, after this, the said Nabajyoti Burman filed a petition stating that no industrial dispute exists, thus virtually supporting the original petition filed by the clerical staff. Even in view of this sudden change of front by Sri Burman, I thought it would be prudent to make an enquiry on the spot and accordingly I had been to the Mill and examined all the 8 employees excepting one who had been absent being ill on that day. All these clerks stated that they are not members of the West Bengal Flour Mills Mazdoor Congress and that they never had authorised the said Congress to raise any dispute and that no dispute exists regarding scales of wages, etc.

According to the petition filed by the so-called Union, the demand had been that they should get pay on the scales laid down by the Bengal Chamber of Commerce. The clerks seemed to be all very much below the Matriculation standard, excepting one or two who are Matriculates. Not only the clerks were of low academical qualifications but were rather dull—handwriting of the clerks is also very bad. So, I think scales of wages and dearness allowance which is being paid by this Company, have kept the clerks quite happy and contented.

On considering the circumstances and the evidence of the witnesses, I am firmly of opinion that the petition had been filed without any authority given by the employees themselves. I hold, therefore, that no industrial dispute exists. Ordered that the reference be disposed of and I make an award that no industrial dispute exists in the present case.

For the Company: Sri S. C. Sen, Pleader, Sri R. Saha, Partner of the Company.

For the Union: Sri D. L. Sen Gupta, Advocate, Sri S. Bose, Secretary of the Union.

AWARD.

The above dispute has been referred to me by the Government of West Bengal, Department of Labour, by order No. 269Dis/11L-11/51, dated the 21st November 1951, for adjudication.

The case of the Union is that the Company was never paying living wages to its workers and that the workers in general were being paid Rs. 20 as total remuneration for a full working period of 8 hours a day. The workers ultimately gathered courage and formed a Union on 7th October 1950 and got it registered on 19th March 1951, after which the charter of demands had been placed before the Company on 23rd May 1951, which according to the Union, apparently enraged the management who were determined to crush the Union and as a first step discharged Sri Kalipado Dutta, President of the Union (five years' service), Sri Molin Chandra Das, Vice-President of the Union (three years' service) and Sri Sris Chandra Bose (three years' service) by way of victimisation and unfair labour practice. No charge-sheet had been given to these workers and they were forthwith served with the discharge letter.

This caused much resentment amongst the workers, who demanded the restoration of service of the three workers mentioned above, who were dynamic workers of the Union. The Company did not pay any heed to their demands. On Monday, the 2nd July 1951, when all the workers came to

join their duties, they found to their surprise that the factory was closed. The fact had been reported to the Labour Commissioner, who advised the management to lift the lock-out. The management demanded as a condition precedent to lifting the lock-out that the discharge of the three Union leaders must stand and that the claim for higher wages, etc., shall not be pressed by the workmen. The Company did not lift the lock-out, which according to the Union, is illegal and unjustified. The Union claims full wages for the whole period of lock-out and also fixation of proper dearness allowance, etc.

The Company appears and files a written statement alleging that since its start, the Company has been very unfortunate as it has all along been a losing concern. With regard to the discharge of the three Union leaders as alleged by the Union, the case of the management is that they were guilty of gross misconduct, for which charge-sheet had been given to them, but they refused to accept the same, and as such, they were discharged on the very same day. The workers thereupon took a very violent attitude and threatened the management with dire consequences and surrounded the office building with the result that they could not leave the office for fear of their lives till 9 p.m. on the 30th of June 1951. This violent attitude of the workers created a reasonable apprehension in the minds of the management that there would be considerable risk to life and property if the factory be kept open. They chose to close it down and provisionally a lock-out was declared on and from 1st July 1951. The Assistant Labour Commissioner visited the factory on 4th July 1951, and advised the Company to lift the lock-out, and the management, in the hope of better days, agreed to the proposal and had lifted the lock-out on and from 9th July 1951, which was a Monday. But none of the workers reported for duty and insisted on the reinstatement of the Union leaders. The management kept the factory gate open up to the 13th July 1951, but none of the workers reported for duty and as such, the Company had no other alternative but to close the factory. On the 13th July 1951, the Company closed the factory for an indefinite period and a notice to that effect was posted at the factory gate.

Issues.

1. Introduction of Attendance Card.
2. Dearness allowance.
3. Leave.
4. Whether the dismissal of Molin Ch. Das; Kalipado Dutta and Sris Chandra Bose is justified? Whether they should be reinstated and/or given any compensation?
5. Whether the management is justified in not opening the factory before Aswin and to what relief the men are entitled for this action of the management?

Issue No. 4.—Whether the dismissal of Molin Ch. Das, Kalipado Dutta and Sris Chandra Bose is justified? Whether they should be reinstated or given any compensation?

It is better that this issue should be first taken up. Admittedly these three persons had been discharged and according to the Union, it is an unfair labour practice and a worst case of victimisation, inasmuch as all these persons happen to be the President, Vice-President and the Secretary of the Union. According to the Company, these three workers were discharged for gross misconduct and charge had been framed against them, but they refused to accept. There is evidence to support this contention of the Company.

On going through the evidence, it is found that the charge against Kalipado Dutta is that he had been threatening the factory workers within the factory premises, and after the working hours, he assaulted a worker and indulged in such other work which endangered the discipline and smooth running of the factory. On this point, the management had examined one Charubala Dasi, who is a female worker of the factory. This female worker had put in good record of production, and it is deposed that if she goes on putting up more production, she would be taken to task. She further deposes that Kalipado and Molin had assaulted one Ramesh after 5 p.m. outside the gate of the factory. She is supported by the evidence of Sri T. N. Saha, the Manager of the Company, who deposes that Ramesh was threatened for putting in more production and had been assaulted by these persons. So, *prima facie* the charge is proved against these persons. These persons no doubt give a denial, nevertheless it is satisfactorily proved. It is also proved that the workers surrounded the Manager's bungalow and confined him till very late hours in the evening. They insisted that these three workers should be taken back. This sort of attitude on the part of the workers must be condemned, as they were by their concerted action illegally forcing their decision on the management, who from their own point of maintaining discipline, had discharged these persons. The matter could have been left in the hands of the Conciliation Officer, specially when the Manager told the workers that the decision of the Conciliation Officer would be accepted by the management. There was great hullah and commotion created by the workers and the attitude of the workers was rather threatening. In my opinion, taking the evidence of the Manager as also of Charubala, the fact of threatening the workers and assaulting them is established. It is also established that the Manager and others had to remain indoors due to the threatening attitude of the workers. The management, was, in my opinion, well-justified in dismissing these three ring-leaders who were engaged in unlawful activities and trying to dissuade the workers from putting in their proper quota. Charges had been framed and they were given an opportunity to explain their conduct, but if the Manager is to be believed, they did not accept these charges, and as such, the management had no other alternative than to discharge these three ring-leaders who were thus creating trouble and embarrassment to the management. It is no doubt true that these three persons were the principal office-bearers of the Union. But this does not give a passport to them to indulge in unlawful and violent activities and when these office-bearers of the Union taking advantage of their position indulge in such sorts of misconduct, it cannot be said that they have been punished or victimised as an instance of unfair labour practice by the management, if the latter chooses to take action against them for gross misconduct and indiscipline. In my opinion, therefore, they have been rightly dismissed and as such are not entitled to claim reinstatement or any compensation. The issue is answered accordingly.

Issue No. 5.—Whether the management is justified in not opening the factory before Aswin and to what relief the men are entitled for this action of the management?

According to the management, after the very sad and terrible experience of Saturday, the 30th of June 1951, the management thought that it is wise to lock-out the factory. This lock-out was a justified lock-out. The workers had created such a situation overnight that the management had no other alternative than to close down this factory on Monday. The matter had been reported to the Assistant Labour Commissioner, and on her intervention, the management decided to re-open the factory on 9th of July and a notice to that effect had been given (Exhibit C), but the management insisted and rightly so that their decision regarding the dismissal of the three

ring-leaders should stand. In view of the fact that these workers had already been dismissed by the management for their unlawful and subversive activities, the management could not so soon revise their decision regarding the principal ring-leaders, who, according to the management, would create fresh troubles if taken in. The last decision taken by the management was a considered one and nothing had happened in the meantime so as to revise their decision regarding dismissal of these persons. The workers, however, insisted that the discharged workers should be first taken back and then they would join. They were thus giving a pressure to the management to take back these discharged workers who had been turned out for grave misconduct. They were thus illegally putting pressure on the management. I am of opinion that the management was well-justified in not taking back these three workers for circumstances already discussed. The factory had been kept open till the 13th July 1951, but the workers all along insisted on their old demand and did not join. So the Company had no other alternative than to close the factory indefinitely. It is quite natural and reasonable to suppose that when the workers were thus determined to give undue pressure on the management and did not join even when the factory was re-opened, the management did well in closing down the factory indefinitely. The issue however relates to the closing of the factory till Aswin of the Bengali year, but from the pleadings or from the relevant records, I do not find that the management decided to close it temporarily. The relevant notice (Exhibit. F), dated 13th July, shows that they decided to close it indefinitely. So the issue has not been correctly framed. It is a case of indefinite closure. The Company had also pleaded that it is a losing concern, and as such, they are not in a position to re-open the factory. Every owner of a factory has the inherent right to close it down for trade reasons and specially in this case, over and above trade reasons, the attitude of the workers created a reasonable apprehension in the minds of the management that it would not be prudent to run the business any longer. The workers also by their refusal to join must be deemed to have voluntarily resigned. The closure unlike lock-out ends the relationship of master and servant. In lock-out however the relation is kept in abeyance during the period of lock-out. It is my definite finding that it is a case of closure due to trade reasons but has been hastened by the concerted action of the workers who were in no mood to co-operate with the management. From my above findings therefore, it is clear that the workers were mainly responsible in bringing about such a situation and as such, it will be highly inequitable to pay them any wages or compensation.

The workers, by their concerted action, were trying to force their decision on the management and were insisting that the workers who were dismissed for misconduct should again be taken back. This is also an unfair labour practice on the part of the workers. They should have joined in the work when the lock-out was lifted on the advice of the Assistant Labour Commissioner, but they did not do so and presumably it was not any more safe to keep the factory gate open and to wait for the day when it will please the fancy of the workers to join the factory. Inasmuch as the short lock-out for few days was a justifiable one and inasmuch as the closure which followed in the wake of such lock-out was also occasioned by the unfair labour practice on the part of the workers, no compensation or relief can be claimed by the workers.

Issue No. 1.—Introduction of Attendance Card.

It is not known when the factory would be opened, and as such decision of this issue would be more or less academical. But when the issue has been sent to me on reference, I must have to adjudicate this issue.

The Union prays that to ensure security of attendance and consequent earnings of the days worked, the management should provide Attendance

Card to each of the workers. I think such a practice is good for the workers and the management and I direct that if and when the factory re-opens, Attendance Cards should be given to the workers showing their attendance.

Issue No. 2.—Dearness allowance.

The pay scale and dearness allowance are not separately shown in this Company and on perusal of the Salary Register, I find that the total emoluments varies from Rs. 25, Rs. 30, Rs. 35, Rs. 40, etc. Clearly, therefore, the total emoluments in this concern is much below the living wage. The fixing of basic pay is not the issue, but I am to fix dearness allowance. In view of closure, it might not have been necessary to adjudicate the issue, as there is no knowing when the factory will be re-opened. The Government order or reference invites me to adjudicate this issue. So, I must decide it.

Regarding the financial position of the Company, no reliable evidence has been adduced before me. The Company in future should pay dearness allowance at the rate of Rs. 31 for unskilled workers as per Second Engineering Tribunal award, besides the minimum wages as fixed by the First Engineering Tribunal. Regarding semi-skilled and unskilled workers. I think they are paid a bit higher and at present no decision is called for regarding semi-skilled and skilled workers, as the Union has mainly demanded minimum dearness allowance of Rs. 35 for one drawing pay up to Rs. 50 per month and Rs. 50 for others. Whatever that may be, I grant dearness allowance of Rs. 31 only for unskilled workers as per decision of the Second Engineering Tribunal.

Issue No. 3.—Leave.

Granting of leave should also be guided by the provisions of the First Major Engineering Tribunal, as modified by the Second Major Engineering Tribunal.

NOTIFICATION No. 227.

IN accordance with the provisions of sub-section (4) of section 126 of the Calcutta Port Act, 1890 (Bengal Act III of 1890), the following amendments made by the Commissioners for the Port of Calcutta, subject to the confirmation of the Government of India, to by-laws Nos. 33 and 53 of the by-laws confirmed by the Government of India, Ministry of Transport, vide their letter No. 9-P(12)/12-P. II, dated the 6th October 1948, are hereby published for general information:—

Draft amendments.

"33. Heavy packages.—The Master or owner of every sea-going vessel requiring to land or ship articles or packages which exceed the prescribed capacities of the quay cranes shall accurately declare the weights of such articles or packages to the Docks Manager or the Superintendent, Jetties and Wharves, who shall with the least delay procure the use of a floating crane or, if the declared weights of the articles or packages exceed the capacity of the floating crane, arrange for the vessel to be moved to the 100-ton sheers as soon as the quay is available.

The markings on these articles or packages should satisfy the rules framed by Government under section 5 of the Marking of Heavy Packages Act, 1951, which are incorporated in by-law 53."

"53. Tender of heavy packages.—No person shall load or ship or attempt to load or ship or tender for loading or shipment on or into any vessel within the Port any package or object the gross weight of which is one metric ton or more unless and until the marking of its weight satisfies the rules framed by Government under section 5 of the Marking of Heavy Packages Act, 1951, which are detailed below:—

1. Manner of marking of heavy packages.—(1) The gross weight on a heavy package shall be marked thereon in the English and the regional language with a kind of paint which is not easily effaceable.

(2) Where a heavy package is of a light colour, black paint shall be used and where the package is of a dark colour, white or yellow paint shall be used.

2. Gross weight to be marked in metric tons, kilogrammes, maunds or pounds.—Subject to the provisions of paragraph 6 below, the gross weight of a heavy package shall be marked thereon in metric tons, kilogrammes, standard pounds or standard maunds.

3. Place of marking.—The gross weight shall be marked on two sides of a heavy package so that in whatever position the package is placed, the marking is easily visible.

4. Size of letters or figures.—Every letter or figure used to mark the gross weight of a heavy package shall be at least three inches in length and one quarter of an inch in breadth.

5. Manner of packing.—(1) The goods in a heavy package shall be securely packed in a strong covering in such manner that there is no movement of the goods inside the package or any danger of the disintegration of the goods or the covering.

(2) The covering shall be of such material and nature as can stand the strain of the package being handled during the course of loading or unloading so that the risk of any injury to persons who handle the package is minimised.

6. Marking of approximate weight in certain circumstances.—Where at the place from where heavy package is consigned there are no means available for determining the correct weight of the package, the anticipated minimum and maximum weight of the package in metric tons, kilogrammes, standard pounds or standard maunds shall be marked thereon in the manner hereinbefore specified:

Provided that such anticipated maximum weight shall be so assessed that it does not fall below the actual weight of the package.

Illustration.—Where the anticipated minimum weight of a package is one ton and the anticipated maximum weight two tons, the package shall be marked "Between one and two metric tons".

The draft amendments will be submitted to the Government of India for confirmation on the expiry of fourteen days after the first publication of this notification in the "Calcutta Gazette" and any suggestions or objections with regard thereto received by the undersigned within that period will be considered.

DIRECTORATE OF AGRICULTURE, WEST BENGAL.

Calcutta, the 18th July 1952.

Final Forecast of Tobacco Crop of West Bengal for 1951-52.

Season.—The weather conditions were favourable during the sowing time, except in the districts of Howrah, Jalpaiguri, Darjeeling and West Dinajpur. Afterwards the weather conditions have been favourable for growth of the crop in the districts of 24-Parganas, Nadia, Birbhum, Bankura, Hooghly and Howrah, but unfavourable in other districts.

Area and yield.—The total area under tobacco in the State of West Bengal has been estimated at 38,700 acres this year compared to 44,000 acres last year. The total yield of tobacco for the State as a whole is estimated at 9,780 tons this year as against 11,194 tons last year.

(*i*) *Nicotiana Rustica.*—25,200 acres have been estimated to be under "Nicotiana Rustica" variety of tobacco this year compared to 30,770 acres last year. The total yield of this variety of the crop for the State as a whole is estimated at 6,460 tons this year compared to 8,190 tons last year.

(*ii*) *Nicotiana Tabacum.*—(*a*) Virginia type of Nicotiana Tabacum.—The area and production of the Virginia type of Nicotiana Tabacum may be taken as "Nil" for both this year and last year.

(*b*) Other types of Nicotiana Tabacum.—13,500 acres have been estimated to be under the "other types of Nicotiana Tabacum" this year compared to 13,230 acres last year. The total yield of this variety of the crop for the State as a whole is estimated at 3,320 tons this year compared to 3,004 tons last year.

The decrease in acreage under tobacco crop this year in the State of West Bengal is due to the: (*i*) intensive cultivation of food crops, (*ii*) diversion of tobacco lands to the cultivation of other rabi crops, and (*iii*) unfavourable weather conditions.

To

THE ELECTION COMMISSION.

The humble petition of the above-named petitioner.

MOST RESPECTFULLY SHEWETH:—

1. That your petitioner and the respondents were duly nominated candidates for election to the West Bengal Legislative Assembly from the Serampore Assembly Constituency but your petitioner and respondents Nos. 8 and 9 withdrew their candidature within the prescribed time. Your petitioner is also an elector of the said constituency.

2. That respondent Jitendra Nath Lahiri and respondent Panchugopal Bhaduri contested the election on the ticket of the Indian National Congress and of the Communist Party of India respectively.

3. That the polling in the said constituency took place on the 9th January 1952.

4. That after polling, the ballot boxes of all the candidates contesting the election as well as all other papers referred to in rule 32 of the Representation of the People (Conduct of Election and Election Petitions) Rules, 1951, were kept by the Returning Officer of the said constituency in the Serampore Court Building for safe custody under the guard of an armed sentry.

5. That on 12th January 1952, the armed sentry who was on such guard died under mysterious circumstances of a gun shot.

6. That immediately on hearing the news of the death of the said sentry request was made on behalf of the respondent Panchugopal Bhaduri to the Subdivisional Officer, Serampore, who is the Returning Officer of the said constituency for permission to see if the ballot boxes were safe and untampered but the Returning Officer flatly refused to grant such permission.

7. That thereafter before the date of counting, the ballot boxes and their seals were tampered with, with the connivance of the Returning Officer, who was influenced by Sri Atulya Ghosh, President, West Bengal Provincial Congress Committee, and Sri B. S. Nahar, Secretary, West Bengal Provincial Congress Committee, and others on behalf of the returned candidate and the returned candidate himself and in the interest of the respondent Jitendra Nath Lahiri, the Congress candidate, and many ballot papers cast in favour of other candidates were removed into the ballot boxes allotted to respondent Jitendra Nath Lahiri.

8. That the Government of West Bengal was at that time and still is a Government formed by the Indian National Congress.

9. That the counting of votes for the said constituency took place on 23rd January 1952 at the Serampore Court.

10. That in spite of written protest from the election agent of the respondent, Panchugopal Bhaduri, the Returning Officer caused the votes to be counted simultaneously in four different rooms on 35 separate tables by 35 counting parties, in the said court, and consequently neither the counting agent nor the election agent of respondent Panchugopal Bhaduri could see the counting, nor could the Returning Officer supervise it.

11. That the Returning Officer illegally appointed as counting assistants Kedareswar Banerjie, Kalachand Bandopadhoy and Dulal Bandopadhoy, each of whom are Government servants and who actively canvased for votes on behalf of respondent Jitendra Nath Lahiri during the election and who are near relations of Dr. Taraprosannya Bhattacharya, one of the most active supporters of the respondent, Jitendra Nath Lahiri. That the Returning Officer also illegally appointed as Officer-in-Charge of Checking Party in the counting of votes, Mr. S. K. Das Gupta, Sub-Magistrate, who happens to be an intimate friend of respondent Jitendra Nath Lahiri and is a tenant of the said respondent.

12. That before counting of votes of respondent Jitendra Nath Lahiri, the Returning Officer caused the serial number of ballot papers in the ballot baxes of each candidate to be checked with serial numbers of ballot papers issued to the particular booths so that if any ballot paper were found to be of different serial number it might be rejected, but when the counting of votes of respondent, Jitendra Nath Lahiri, was commenced the Returning Officer ordered the counting parties that there should be no more checking of serial numbers. Protest against this order by the election agent of the respondent Panchugopal Bhaduri was unheeded by the Returning Officer.

13. That during the counting of votes of respondent Jitendra Nath Lahiri, many forged ballot papers were found but the Returning Officer refused to reject the same, in spite of repeated request by the election agent of the respondent Panchugopal Bhaduri.

14. That after completion of the counting in such illegal and irregular manner as aforesaid in violation of the Representation of the People Act, 1951, and of the Rules made thereunder, respondent Jitendra Nath Lahiri was found to have secured 10,912 and respondent Panchugopal Bhaduri secured 10,268 votes.

15. That the other respondents were found to have polled votes as follows:—

Kanailal Goswami	...	...	...	2,422
Narendra Kumar Bandopadhyay		...	...	745
Dharmadas Sil	...	..	...	172
Lakshmi Kanto Bandopadhyay		..	...	190
Panchugopal Nag	...	..	...	71

16. That thereafter the Returning Officer declared respondent Jitendra Nath Lahiri elected.

17. That had the provisions of the Representation of the People Act, 1951, been complied with before and during the counting of votes, respondent Panchugopal Bhaduri would have been found to have polled the largest number of valid votes and would have been declared elected.

18. That your petitioner submits that this is a fit case for a recount being directed by the Tribunal, having regard to the facts and circumstances of the case.

19. That the election of respondent Jitendra Nath Lahiri has been procured and induced, and the result of the said election has been materially affected by various corrupt practices.

20. That the said respondent, many of his agents and other persons with the connivance of the said respondent and/or his agents have committed diverse corrupt practices specified in section 123 of the Representation of the People Act, 1951.

21. That the result of the said election has been materially affected by the improper reception of votes cast in favour of respondent Jitendra Nath Lahiri which were either void or which ought not to have been received as well by the refusal of valid votes cast in favour of respondent Panchugopal Bhaduri.

22. That the result of the said election has been materially affected by non-compliance of the provisions of the Representation of the People Act, 1951, and of Rules and Orders made thereunder and of other enactments and rules relating to the election.

23. That the said election has not been a free election by reason of the fact that corrupt practice of bribery and undue influence has extensively prevailed due to their being freely indulged in, in order to procure the return of respondent Jitendra Nath Lahiri.

24. That the election has not been a free election by reason of the fact that coercion and intimidation has been exercised and resorted to as against Muslim and non-Bengali workers to induce them to vote in favour of the respondent, Jitendra Nath Lahiri, and to refrain from voting for respondent, Panchugopal Bhaduri.

25. That respondent Panchugopal Bhaduri in fact obtained a majority of the valid votes and in any event would certainly have obtained the majority of valid votes but for the votes secured by respondent, Jitendra Nath Lahiri, by means of corrupt practices.

Your petitioner therefore humbly prays for—

(*a*) A declaration that the election of respondent, Jitendra Nath Lahiri, to the West Bengal Legislative Assembly from the Serampore Assembly Constituency is void.

(*b*) A declaration that respondent, Panchugopal Bhaduri, has been elected to the West Bengal Legislative Assembly from Serampore Assembly Constituency.

(*c*) In the alternative a declaration that the election is wholly void.

(*d*) An order that the cost and incidental to this petition be paid to the petitioner by respondent, Jitendra Nath Lahiri.

(*e*) For such other order or orders as to the Election Tribunal may seem fit and proper.

And your petitioner as in duty bound shall ever pray.

Verification.

I, Dinendra Nath Bhattacharya, the petitioner in the foregoing petition, do declare that the statements contained in the cause title and in paragraphs 1, 2, 3, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 20, 22, 23, 24 of foregoing petition are true to my knowledge and those contained in paragraph 18 thereof are my submission and those contained in the rest of the paragraphs of the foregoing petition are true to my information which I verily believe to be true.

I sign this verification at this the 28th day of April 1952 at Jaganath Ghat Lane, post office Rishra, district Hooghly.

DINENDRA NATH BHATTACHARYA.

(Signature of petitioner.)

List of corrupt practices.

1. (*a*) Throughout the period of the election and particularly after 23rd December 1951, Ramsakal, Niranjan Singh and other agents of respondent, Jitendra Nath Lahiri, systematically threatened the Muslim electors of Rishra Bustee that if they dared to vote against the Congress and for the Communist Party they would be driven away to Pakistan, as a result of the aforesaid threat Muslim electors of the Rishra Bustee generally were induced to vote for respondent Jitendra Nath Lahiri and a considerable number of them were induced to refrain from voting for respondent Panchugopal Bhaduri. The number of Muslim electors in Rishra Bustee was more than two thousand.

(*b*) Jiru, Fakir, Santi Mitra and Bistu Charan Banerjie and others who were agents of the said respondent similarly threatened the Muslim electors of Serampore Bustees with similar results. The number of Muslim electors in the said Bustees was about one thousand.

(*c*) Muslim electors of Mollaberrey and other villages were similarly threatened by Pir Bux and others who were agents of the said returned candidate. Muslim electors of Melki were also threatened by the agents of the returned candidate, viz., Gobardhan Santra, Prankrishna Hati, Sk. Dilu, Ajit Baidya, Jitendra Nath Lahiri, the returned candidate himself, and others, with similar results.

(*d*) Pir Bux, Sk. Dilu, agents of respondent, Jitendra Nath Lahiri, systematically threatened the Muslim electors of the said villages and other villages by telling them that it was ordained in the Holy Quoran that they must vote for the party of the Government and if they fail they would be subject to the wrath of Allah and would not go to heaven. In this respect the said agents utilised an injunction from the renowned Pir Saheb of Furfurah, calling upon the Muslim Electors to vote for the Congress nominee. Muslim electors in these villages were influenced by the said threat and injunction to vote for respondent, Jitendra Nath Lahiri.

(*e*) The said Ramsakal and Niranjan Singh as well as Sarat Chandra Sahu another agent of respondent, Jitendra Nath Lahiri, threatened the non-Bengali voters living in Rishra and Mahesh Bustees, that if they failed to vote for the Congress they would be compelled to leave their employment in West Bengal and would be driven away to their native provinces. As a result of such threat non-Bengali electors of Rishra and Mahesh were generally induced to vote for respondent Jitendra Nath Lahiri and a large number of them were induced to refrain from voting for respondent Panchugopal Bhaduri. The number of non-Bengali electors was more than five thousand.

(*f*) Natulal Saha, Bistu Charan Banerjie, Monilal Sardar, Kalidin Pandey and Upen Guha and others, agents of respondent, Jitendra Nath Lahiri, held out similar threats to non-Bengali voters of Serampore Bustees with similar results. The number of non-Bengali voters of Serampore Bustees was about three thousand.

(*g*) Similar threats were systematically held out by the candidate, his agents and other Congressmen to the non-Bengali workers generally and thereby succeeded in inducing them to vote for respondent Jitendra Nath Lahiri in large numbers and to refrain from voting for respondent Panchugopal Bhaduri.

(*h*) Respondent Jitendra Nath Lahiri, his agents and other Congressmen held out the threat to Muslim electors that if they fail to vote for the Congress they would be driven away to Pakistan and as a result of such threat Muslim electors were either induced to vote for respondent Jitendra Nath Lahiri or to refrain from voting for respondent Panchugopal Bhaduri.

(*i*) Muslim and non-Bengali and refugee electors were also systematically threatened by the respondent, Jitendra Nath Lahiri, his agents, namely, Benoy Bose and others and other Congressmen with cancellation of their Ration Cards if they fail to vote for the Congress nominee and thereby they were induced to vote in large numbers for respondent Jitendra Nath Lahiri.

2. (*a*) On 9th January 1952, at Mahesh L.P. School and Parameshari Balika Bidyalaya and Mahesh H.E. School, Sarat Chandra Sahu, Balai Pal, Anil Pal and other agents of respondent, Jitendra Nath Lahiri, procured and abetted about 350 persons to apply for Ballot Papers in the names of other persons and to cast those Ballot Papers in favour of respondent Jitendra Nath Lahiri.

(*b*) Dayanidhi, Jadu Misir, Palakdhari Singh and other agents of respondent Jitendra Nath Lahiri on the same date at Wellington Mill Primary School, Wellington Mill Canteen and at Phosphate & Co. procured and abetted similar application and voting by 300 voters.

Memorandum on the West Bengal Services (Revision of Pension) Rules, 1952, and matters connected therewith

No. 2221F/F/1P/1(10)/52.—11th August, 1952.—Mainly with a view to provide for death and retiring gratuities, Government have, with effect from 1st April, 1952, revised the Pension Rules in the Civil Services Regulations and the Inferior Services (Gratuity, Pension and Retirement) Rules, 1936. These revised rules will be found in the West Bengal Services (Revision of Pension) Rules, 1952, published with Finance Department Notification No. 2222F/F/1P/1(10)/52, dated the 11th August, 1952, in the *Calcutta Gazette* of 21st August, 1952.

2. The revised rules have been made applicable to all Government servants in permanent and pensionable service on 31st March, 1952, as well as to those who enter pensionable service after the date. Government servants who were in permanent and pensionable service on 31st March, 1952, have, however, been given an option to remain under the Pension Rules in force immediately before these rules were promulgated.

3. (1) It is possible that some Government servants holding permanent and pensionable posts on 31st March, 1952, have retired on or after 1st April, 1952, but before the publication of these rules. It is also possible that pension under the rules then in force has, in some of these cases, been already sanctioned and/or drawn. Government have decided that in all these cases, option to remain on the pension rules in force immediately prior to the promulgation of these rules will also be given; but where no such option is exercised within the time-limit set forth in sub-paragraph (2) below, pension, etc., shall be re-fixed according to the new rules, the amount of pension, if any, drawn being adjusted against the amount admissible under the revised rules. The responsibility for obtaining the option of the pensioners to whom this sub-paragraph applies and for submitting the pension cases for revision in respect of those who do not opt to remain on the pension rules in force immediately before the promulgation of these rules, shall rest on—

(i) the Head of the office, in the case of those who retired from non-gazetted posts; and

(ii) Government in the Finance Department, in respect of those who retired from gazetted posts.

(2) The option allowed in sub-paragraph (1) shall be exercised within a period of three months from the date of publication of the Revised Pension Rules in the *Official Gazette*. Option once exercised shall be final and cannot be modified at any subsequent date.

4. With the promulgation of the West Bengal Services (Revision of Pension) Rules, 1952, the Compassionate Gratuity Fund Rules, issued with the Government of Bengal, Finance Department, letter No. 6758-6848-F., dated the 15th September, 1934, shall cease to have effect in respect of persons who come under the new rules.

5. *Payment of pension and gratuity outside India.*—The privileged minimum rate of exchange of 1*s.* 9*d.* to the rupee admissible to certain Government servants under Article 934 and other connected Articles of the Civil Service Regulations will continue to be admissible to them in respect of the ordinary pension under the revised pension scheme. This minimum rate of exchange is, however, not admissible in respect of the retiring or death gratuity which may be sanctioned under that scheme.

6. *Temporary increases in small pensions.*—The temporary increases in small pensions sanctioned in the Government of Bengal, Finance Department, Memorandum No. 1130-F., dated the 21st June, 1945, will be admissible on the pension sanctioned under the revised pension scheme and will be based on the amount of such pension.

7. *Condonation of deficiencies in qualifying service.*—The power to condone deficiencies in qualifying service by invoking the provision of Article 423(1) of the Civil Service Regulations shall not be exercised in sanctioning death gratuities. For the purpose of sanctioning other benefits under these rules, i.e., benefits other than death gratuities, the powers conferred under the said Article of the Civil Service Regulations may be used very sparingly, and the use of such powers should be restricted to cases of low-paid employees proceeding on invalid or compensation pension, a return being submitted annually to the Finance Department, stating the reasons for sanctioning the condonation in each case.

8. (1) Government retain the right to effect recoveries from the retiring or the death gratuity in the same circumstances as recoveries can be effected from pension under Article 351A of the Civil Service Regulations.

(2) No pension, gratuity, death gratuity or retiring gratuity may be granted if an officer is dismissed or removed for misconduct, insolvency or inefficiency. Compassionate allowances, not exceeding two-thirds of the pension and retiring gratuity or gratuity admissible may, however, be granted in accordance with Article 353 of the Civil Service Regulations.

(3) Retiring or death gratuity shall be sanctioned after due regard to the provisions of Article 470 of the Civil Service Regulations.

(4) The existing rules in the Civil Service Regulations which apply to the grant of pension will also apply in respect of the retiring and death gratuities, in so far as such rules are not inconsistent with the provisions of the West Bengal Services (Revision of Pension) Rules, 1952.

9. The procedure for application, sanction and payment of retiring and death gratuities will be as follows:—

(*a*) *Retiring Gratuity.*—An application for the gratuity should be made in the same form as that for pension, i.e., C.S.R. Form 25. For this purpose the form shall be modified as follows:—

(*i*) In the first page—

(1) *for* the heading "Application for pension or gratuity" *substitute* the words "Application for pension and retiring gratuity or gratuity".

(2) *after* item 12 *add* a new item—

"12A. Proposed retiring gratuity".

(*ii*) In the third page—

(1) against item 6, *after* the word "pension" *add* the words "and retiring gratuity".

(2) *for* the first sub-paragraph of the certificate and report of the Accountant-General, the following sub-paragraph shall be *substituted* in the case of persons to whom the West Bengal Services (Revision of Pension) Rules, 1952, apply—
